CHAIRMAN'S REPORT  
Dr. William B. Jones  
Georgia Institute of Technology

There are many things a new chairman would like to say in his first report to the Group. Most of these can wait for later issues. Although a recitation of past accomplishments can be dull and a summary of our present position may seem boastful, this is the subject I have chosen. I have done so because the members should know of the strength of their Group. I can do so without seeming immodest because credit for our present strength belongs largely to others.

The Communication Technology Group was formed in 1964 by the merger of communications interests from the former AIEE and IRE. In two very busy years, under the leadership of Dr. R. K. Hellmann, Chairman, and other exceptionally capable men, it has become one of the largest and strongest Groups of the Institute.

Within the ComTech Group are eight Technical Committees, five Standing Committees and several ad hoc committees; these are identified elsewhere in this issue. Perhaps the effectiveness of the committees' work is best measured by the steady growth in all areas of the Group's activities. The membership has grown from 4200 in October, 1964, to almost 7000 in June of this year. The Transactions have been expanded from four to six issues per year, and the total number of pages published annually is expected to reach 1000 soon. The ComTech Group organizes technical sessions at three major meetings each year. The annual IEEE International Communications Conference is sponsored by our Group with participation by many of the other IEEE Groups; the 1966 Conference, held in Philadelphia on June 15-17, was a resounding success. At the National Electronic Conference in Chicago in October we sponsor the Communication Technology Symposium, and at the IEEE International Convention in New York in March we organize a number of technical sessions on communications topics of current interest. Other smaller symposia, workshops, etc., serve special communications interests.

At the present time our Group is in excellent health. Our prospects are good and our problems are small. Dr. Hellmann and those who have worked with him have given us a strong and dynamic organization which is serving our profession very effectively. Many of these same people will continue to work in key positions in the Group.

Your new chairman pledges his best effort to maintain the strong position to which Dr. Hellmann has led us, to continue the development and improvement of the vital activities of the Group and to be alert for opportunities for further service to our members and the communications profession.

ROLLO E. CHRISTENSEN

Mr. Christensen is presently Director, Data Systems Marketing for Radiation Incorporated and has marketing responsibilities for digital communications, information systems and data handling systems. He has been associated with Radiation Incorporated for 4-1/2 years. Prior to joining Radiation Incorporated Mr. Christensen was District Manager for the Ampex Corporation for 4 years, and electronic engineer at Northwestern University Aerial Measurement Laboratory. He received his BSEE degree from Northwestern University in 1955.

EDITORIAL COMMENT

Gunther Karger, Editor  
Pan American World Airways

GREETINGS! This issue is dedicated to membership and is appropriately named THE ANNUAL MEMBERSHIP DIRECTORY. The DIRECTORY includes a listing of OFFICERS, Committee Chairmen and all members by sections. SAVE THIS issue for reference throughout the year.

This will be my fourth year on the Newsletter staff, one year as Associate Editor and three as Editor. It has been a privilege to serve the GROUP and hope that the NEWSLETTER has served its intended purpose.

The primary function of this NEWSLETTER is to inform all members of ComTech activities on a timely basis. These include Committee News, ADCOM activities, Symposia, Chapter events, personal announcements and anything of Communications orientation that might be of interest to the general membership. Letters to the Editor are welcomed, as are suggestions for improving the NEWSLETTER.

The primary NEWSLETTER POLICY IS "SERVICE TO THE GROUP". In keeping with this tradition, I am pleased to announce the appointment of two new Associate Editors. Mr. Rollo Christensen, Radiation Inc., Melbourne, Fla. will be responsible for Committee and Symposia activities, while George Griffith, Lenkurt Electric Co., San Carlos, Calif. will cover the West Coast and Far East activities. Ray Bogard, Teletype Corp., will continue to cover Chapters, although he will now be able to concentrate on Midwest and Eastern and European activities.

C. G. GRIFFITH

C. G. (George) Griffith is manager of Program Planning in the Engineering branch of Lenkurt Electric Co., Inc., in San Carlos, California. He received a Bachelor of Science degree in mathematics and physics from the University of Missouri in 1952 and has completed the course requirements for a M.S.E.E. at San Jose State College.

Mr. Griffith joined Lenkurt in 1957 as Electrical Engineer and in 1962 was advanced to Supervising Engineer. He assumed his present post in 1966.

Mr. Griffith is a member of IEEE and is Vice-chairman of the San Francisco Chapter of IEEE Communications Technology Group.

1967 INTERNATIONAL CONFERENCE ON COMMUNICATIONS

June 12-13-14, 1967  
Minneapolis, Minn.

General Chairman  
F. S. Hird  
Publication Committee  
L. H. Youngvorst

Technical Program  
R. J. Collins, Chairman  
G. R. Cooper, Vice Chairman

PAPERS CALL

Papers for presentation at the Third International Conference on Communications to be held in Minneapolis in June, 1967, are now being solicited. The papers offered should cover new or timely phases of communications and related disciplines. Sessions and symposia will be sponsored by the following IEEE Groups:

Communications Technology  
Aerospace and Electronic  
Systems  
Audio and Electroacoustics  
Automatic Control  
Circuit Theory

Computers  
Electromagnetic  
Compatibility  
Information Theory  
Microwave Theory and  
Techniques  
Vehicular Communications

Papers covering technical areas embraced by the above IEEE Groups will be suitable for presentation at the meeting. A special series of sessions will be devoted to those aspects of communications which are affected by modern computer technology.

Five copies of the title and a 300-word summary together with the author's name, company affiliation, address, and telephone number should be submitted before December 1, 1966, to: Dr. Robert J. - Collins, Technical Program Chairman, Department of Electrical Engineering, University of Minnesota, Minneapolis, Minnesota 55455.

Authors will be notified by January 14 of the acceptance of their papers for the program. With notification of acceptance, authors will receive appropriate instructions for the format of the material to be included in the conference publication. The final version will be due on March 15, 1967.

Papers presented at this convention will be considered by the respective Groups for inclusion in their Transactions or the IEEE Proceedings.

ADCOM BRIEFS

The Adcom met during the 1966 International Communications Conference in Philadelphia. Its highlights are given for general information.

OPERATING COMMITTEE ACTIONS

1. Proposed merger of the Facsimile Committee with the ComTech Committee on Data Communication and Telegraph Systems; agreement was reached to merge on July 1, 1966.
2. Institute listings in the ComTech Transactions; consensus favored termination of such listings by the end of the year.

MEETINGS

1971 IEEE International Communications Conference

Replies have been received from the Boston, Montreal, and Dallas sections concerning a site location for the 1971 conference.

A motion was made that Montreal be selected for the 1971 conference. The motion was seconded and carried.

CHAPTERS

Approximately 100 technical meetings were held by the chapters. ComTech may be the group with the most chapters. He thanked Mr. McSweeney for his great effort.

MEMBERSHIP

Much of the summer will be devoted to planning for greater activity in the early fall. Mr. Robinett also reported that the committee membership will continue for another year.

AWARDS

Mr. Mitchell, Chairman, noted the untimely death of Wilton T. Rea who was a good friend of many individuals in ComTech and who also received ComTech's 1966 Achievement Award. The announcement was received with much sadness.

Mr. Mitchell requested action by AdCom on the following recommendations regarding prizes:

1. Increase the prize for Achievement to \$300, but continue to restrict it to members of ComTech.
2. Retain the \$100 first prize for the Best Paper in the Transactions but allow up to two Honorable Mentions at \$50 each if there are additional papers of outstanding merit.

In case there are two or more authors of the Best Paper, increase the Award to \$200 to be shared equally among the authors.

TECHNICAL COMMITTEES

Mr. Strom, Chairman of the Communication Systems Disciplines Committee, requested permission to hold a workshop on "Tactical Communication" or "Error Control" late in November or early in December. Three locations are under consideration, namely, Ft. Monmouth, St. Petersburg (Florida) and upstate New York. The workshop would be similar in format to the one held in San Juan which proved to be highly successful.

A motion granting permission was seconded and passed unanimously. Chairman Hellmann stated that the workshop held in Puerto Rico established a good precedent. He congratulated the Committee for their activities.

Mr. Veith, Chairman of Data Communication and Telegraph Systems Committee, pointed out that foreign members located in Regions 8 and 9 do not receive meeting notices. There are close to 7,000 overseas members. Nearly 300 belong to ComTech. At a recent meeting of the Committee, a motion was carried that ComTech establish a procedure for distributing meeting notices to overseas members who express interest in receiving such notices.

A motion was passed unanimously that the chairman of the Meetings Committee and the Publication Committee form a committee of two to discuss overseas mailing with IEEE headquarters.

CHAPTER  
NEWS

COMTECH CHAPTERS

Alabama	Dallas
Atlanta	Denver-Boulder
Baltimore (Inactive)	East Tennessee
Boston	Florida West Coast
Canaveral	Long Island
Chattanooga	Los Angeles (Metro.)
Chicago	Mohawk Valley
Columbus	Nebraska
Connecticut	New Jersey Coast

New Orleans	Seattle
New York (Metro.)	Shreveport
North Jersey	Southeastern
Oklahoma City (Inactive)	Michigan
Orlando	Syracuse
Philadelphia	Toronto
Phoenix	Twin Cities
Sacramento	Vancouver, B.C.
San Francisco	Washington, D.C.

MESSAGE FROM THE CHAPTERS CHAIRMAN

Roger McSweeney

There are now thirty-five ComTech Chapters as listed above. New chapters were approved during the past year in Alabama, Atlanta, Chattanooga, Columbus, East Tennessee, Phoenix and Shreveport. The Syracuse Chapter was recently reorganized as a joint chapter with AES. Zeb Burnett, the Chairman of the ComTech Membership Committee, has been very helpful in promoting interest in chapter formation.

Two chapters, Baltimore and Oklahoma, are inactive. Several other chapters are bordering upon inactivity.

Five of our chapters are jointly sponsored by other IEEE Groups as shown on the attached list. We encourage joint sponsorship by groups having an interest in electrical communications since joint chapters have a larger membership and a bigger pool of talent upon which to draw for active chapter officers. Chapters of less than about fifty members are prone to lapse into inactivity.

Total membership of all chapters as of 31 December 1965 was 3,788 which is 59% of the entire ComTech Group. Our largest chapters are as follows:

Washington, D.C.	511
New York	385
North Jersey	377
Boston (ComTech members of joint chapter)	357
San Francisco	317
Philadelphia	298
Chicago	209
Long Island	170
New Jersey Coast (formerly Monmouth)	156

Reports show 101 chapter technical meetings attended by 4,885 people during the past summer, fall and winter seasons. In addition, there were a few other meetings for which reports have not been received as yet. The chapters in Los Angeles, New York, Philadelphia, Washington, Boston, North Jersey and Alabama particularly deserve credit for their active technical programs.

It has been a pleasure and an honor to serve as your Chapters' Chairman these past two years and I turn over the Chairmanship to my successor, John Frank, with best wishes for continued success.

ALABAMA

The last reported meeting was held on April 11 with twenty members in attendance. Mr. A. E. Kersh Jr. of the Southern Bell Telephone Company, Birmingham, Alabama, discussed the "Operation of the No. 5 Crossbar Office."

CHATTANOOGA

Welcome to ComTech! We are pleased to announce that the IEEE Executive Committee has approved your chapter. Your ADCOM will give its support and all chapter members are urged to contact Mr. M. B. Cloytan, interim chairman, for chapter information. GOOD LUCK!

CONNECTICUT

At a joint Audio and Electroacoustics and Communications Technology group meeting on April 12, Mr. Arnold L. Seligson of Consumers Union of America, New York, discussed the subject of Audio Testing Facilities. Eleven members were in attendance.

DALLAS

At the March 17 meeting, Mr. James E. Curbow of Continental Electronics in Dallas spoke on VLF Uses and Techniques. Thirty members were in attendance.

EAST TENNESSEE

Welcome! The IEEE Executive Committee approved your chapter on July 20. The entire ComTech Group congratulates your committee and urges all members to give strong support. Mr. L. H. Luellen has been the organizer and we hope to hear from him concerning activities and elections.

LOS ANGELES

Mr. A. H. Luyken of General Telephone of California spoke on the subject of selecting Delay Equalizers. The meeting was held on April 5 with thirty-one members in attendance.

MINNEAPOLIS - ST. PAUL (TWIN CITIES)

The 1967 IEEE International Conference on Communications will be held at the Leamington Hotel in Minneapolis June 12-14. The conference is being sponsored jointly by the Communications Technology Group and the Twin City Section of the IEEE.

The local ComTech Chapter is currently making plans to actively participate in the Conference and expect to announce their plans in future NEWSLETTERS.

Programs are also being planned for the ladies while in Minneapolis. Many interesting tours and points of interest are being considered. The Leamington Hotel, host to the Conference, is centrally located in Downtown Minneapolis close to many fine department stores, restaurants and theaters.

Meetings are planned for the third Wednesday of every other month for the next year, starting 26 September. The 26 September meeting will be at 8:00 PM at the Indian Harbor Pines, Indian Harbor Beach, Florida. Mr. George P. Kefalas of the Martin Company, Orlando, Florida, will give a presentation on "A Phased-Array Ground Terminal for Satellite Communications." The 28 November meeting will be a joint meeting with the Canaveral Section. Members of the ComTech Group are invited to join us in our meetings when visiting in the Cape Kennedy area.

1. October 17, 1966 - Communication Explosion - Domestic and Global
2. October 24, 1966 - Cable - Land and Sea
3. October 31, 1966 - Microwave Ground Path Systems
4. November 14, 1966 - Satellites
5. November 21, 1966 - Lasers
6. November 28, 1966 - Systems Comparison

Send check, payable to "Communications Technology Group, New York Section, IEEE", c/o Mr. F. Hill, A. D. T. Company, Inc., 155 Sixth Avenue, New York, N.Y. 10013. Please include a stamped self-addressed envelope.

Registration fees for the full series are:

\$5.00 for IEEE members (and other professional societies)
\$8.00 for non-members
\$1.00 for full-time students

SWITCHING SYSTEMS AND THEIR APPLICATIONS

"Switching Systems and Their Applications" is the subject of a series of 18 lectures being sponsored by the Education Committee of the Communications Technology Group, New York Section, IEEE. The series is divided into three parts. Each part will be presented by a recognized authority in the field.

The Fall series, which will be conducted on Tuesday evenings, at 6:30 p.m., beginning October 11, in the Little Theater, New York Telephone Company, 140 West Street, New York City, will have the following schedule:

- October 11 - History of Switching
- October 18 - Traffic Theory
- October 25 and November 1 - Types of Electro-Mechanical systems
- November 15 - Introduction to Electronic Switching Systems (E.S.S.)
- November 22 - Coding
- November 29 - Elementary Building Blocks

During the six-part winter series, which begins on January 18, 1967, the building blocks and the system design of Electronic PBXs and central offices will be discussed.

The six-part Spring series, which begins on April 11, 1967, will cover a Wire Center Study, Broadband Switching, Satellite Switching Computer Switching, International System and Worldwide Dialing.

REGISTRATION INFORMATION

Registration for the Series which will be limited to 63 persons must be made in advance. The fees are as follows:

- |   |         |
|---|---------|
| For the three-part, 18-lecture series - |         |
| IEEE Members                            | \$30.00 |
| Non-members                             | 40.00   |
| Full-time students                      | 10.00   |

- |   |         |
|---|---------|
| For individual series parts (1, 2 or 3) - |         |
| IEEE Members                              | \$15.00 |
| Non-members                               | 20.00   |
| Full-time students                        | 7.00    |

In addition to admission to the lecture series, the above-quoted fees also entitle attendees to a copy of the required text "Switching Systems", a publication of the American Telephone and Telegraph Company. Those participants who already have the text may deduct \$5.00 from the registration fee.

Registration forms can be obtained from Mr. J. C. Sieglinger, Secretary, Education Committee, New York Telephone Company, 140 West Street, New York, New York 10007. Further information can be obtained from Mr. Sieglinger at (212) 394-6721.

PHILADELPHIA

The Future Use of Lasers and Masers in Communications was the subject presented by Mr. Tebo of the Bell Telephone Laboratories on April 4. Twenty-three members were in attendance at the meeting.

PHOENIX

Welcome to the Group. Dr. John Spragins of the Arizona State University served as organizer of the Joint Chapter of the IEEE Information Theory Group and the IEEE Communication Group. Mr. Vincent Converti has been appointed Secretary.

## SAN FRANCISCO

Election of officers was held during a meeting in San Francisco on March 30. (See separate listing)

The kick-off meeting will be a social affair similar to the successful opening held last year. A wine tasting and steak dinner for members and their wives will be held at the Paul Masson Winery in Saratoga, California on the 21st of September at 8:00 p.m. Invitations will be given through the usual local channels. Reservations will be required at a cost of \$5.00 per person.

## SEATTLE

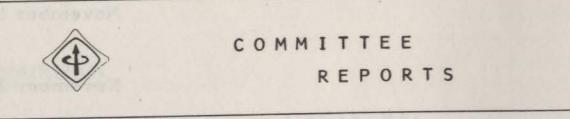

On May 3, a tour of the KING-TV Studios and Technical Control Facilities was conducted by Mr. John J. Shawcroft, Assistant

Chief Engineer of the KING Broadcasting Company in Seattle. Eighteen members were in attendance.

A nomination and election of officers was held during the business meeting in Studio "B". (See separate listing) Mr. James Carter, Chairman, was the presiding officer at the meeting.

## SYRACUSE

The IEEE Executive Committee approved the merger of existing ComTech chapter into joint chapter with the Aerospace & Electronic Systems Group. Mr. W. W. Knight is organizer and should be congratulated on his efforts. WELCOME BACK, SYRACUSE.

### COMMITTEE REPORTS

#### WIRE COMMUNICATIONS

CHAIRMAN: A. F. CULBERTSON  
LENKURT ELECTRIC  
SAN CARLOS, CALIFORNIA

The committee met during the IEEE New York Convention last March. Excerpts from resulting minutes are presented.

#### NEW COMMITTEE ASSIGNMENTS

The Chairman announced the new appointments: Mr. B. P. Nicholls will be serving as Vice-Chairman, and Mr. H. T. Uhlaut will be the new Secretary.

The Chairman announced that Don Atkinson has agreed to serve as Meeting Coordinator for the Minneapolis 1967 meeting, as Bill Middleton had so ably done for Philadelphia. A vote of thanks was given to Bill for his work.

Mr. Andrews reported that a preliminary trial standard for testing telephone set performance had been approved as reported on last meeting. A subcommittee of the task force had been appointed (Chm. M. J. Weeks, Automatic Electric Co.) to standardize a method of testing various telephone sets. This subcommittee is making progress and hopes to resolve some basic issues soon (such as artificial mouth, etc.).

#### TASK FORCE REPORTS

There are 3 active Task Forces of the Wire Communication Committee, Engineering Education (Ben Jeremiah), Testing of Transmission Performance of Telephone Instruments (Fred Andrews), and Longitudinal Balance (Joe Petrie).

#### MEMBERSHIP

Bob LeForge reported on Wire Committee Membership in ComTech (Group 19). Bill Roberts reported that a proposition would be made to AdCom that all Committee Members must be a member of ComTech Group 19.

#### MINNEAPOLIS '67

Fred Hird reported that active committees in ComTech are to handle their sessions. Presently, however, the Wire Committee is the only one to establish a Coordinator (Don Atkinson).

#### COMMUNICATION SYSTEMS DISCIPLINES

Chairman: Jes. E. Schlaikjer  
ITT  
NEW YORK

#### CALL FOR PAPERS!

"The IEEE Committee on Communications System Disciplines is endeavoring to stimulate for presentation at its sessions and for publication, a new class of papers dealing with areas that appear to be of increasing future import. It requests that each reader of this notice search his mind and, if he believes that he can supply useful information in any of the following fields the Committee requests that he send a 50-word summary plus a 100-to-500 word abstract of his proposed paper to:

Raymond C. P. Hinton, Papers Chairman  
IEEE Committee on Communications  
Systems Disciplines  
Communications Systems Inc.  
Route 17  
Paramus, New Jersey

The group promises earliest possible presentation of such worthy papers."

#### Areas currently of interest are:

- Tactical Communications
- Improvements in High Frequency Communications
- Error Control
- Wide-Band Digital Communications
- Digital Data Communications on Voice-Frequency Lines
- On-Line Data Communications for Computer Systems
- System Interface for Global Communications
- Interface in Tactical Communications
- Media Simulators

# IEEE COMMUNICATION TECHNOLOGY GROUP

1961 - 1962

## ANNUAL MEMBERSHIP DIRECTORY

1966

The Editorial Staff is pleased to present your Annual Group Membership Directory. It includes ADCOM, Committee Chairmen, Chapter Officers and membership by sections.

It represents an accurate record based upon information received and should be retained for reference during the year. The listings will be updated as needed. Watch for these change announcements.

**ADMINISTRATIVE COMMITTEE  
1966 - 1967**

**1. Officers**

**Chairman**

Dr. W. B. Jones, Jr.  
School of Electrical Engineering  
Georgia Institute of Technology  
Atlanta, Georgia 30332  
Tel.: 404-873-4211, x 654

(b) To July 1, 1968

**Vice Chairman**

Mr. F. D. Reese  
Automatic Electric Labs., Inc.  
P. O. Box 17  
Northlake, Illinois 60164  
Tel.: 312-562-7100, X 520  
or 312-379-4300 (Chgo No.)

**Secretary**

Dr. A. B. Giordano  
Brooklyn Polytechnic Institute  
333 Jay Street  
Brooklyn, New York 11201  
Tel.: 212-643-5720

**Treasurer**

Mr. D. L. Solomon  
Office of the Secretary of Defense  
P. O. Box 537  
Alexandria, Virginia 22313  
Tel.: 202-695-3136

(c) To July 1, 1967

**2. Members-at-Large**

**(a) To July 1, 1969**

Dr. G. R. Cooper  
Purdue University  
School of Electrical Engineering  
Lafayette, Indiana 47907  
Tel.: (Lafayette) 92-4247

#### ADMINISTRATIVE COMMITTEE OFFICERS

The following will serve as introduction to all members, of the officers of the IEEE Communication Technology Group:

Dr. W. B. Jones, Jr. - Chairman

Dr. W. B. Jones, Jr. is Westinghouse Professor of Electrical Engineering at Georgia Institute of Technology, from which he received his Ph.D. degree in 1953. He is Chairman of the Graduate Committee and teaching graduate courses in Communications. He also has research programs in laser and optical communications.

From 1954-1958 Dr. Jones was with Communications Division, Hughes Aircraft Company. While with Hughes he was Project Manager of a program developing long-range communications systems for the United States Air Force.

Dr. Jones has served as Editor, IRE Transactions on Communications Systems, Chairman of the Atlanta Section IRE, and Vice Chairman, IEEE Communication Technology Group.

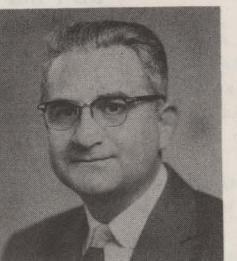

Mr. Frank D. Reese, - Vice Chairman

Mr. Frank D. Reese was employed by General Telephone Company of Pennsylvania as Equipment Engineer in June 1939, because Equipment Engineering Supervisor in 1945 and Chief Engineer in 1952. He joined the GT&E Service Corporation as Engineering Director in August 1957. He was elected president of Automatic Electric Laboratories, Inc. January 1, 1960.

Mr. Reese received his B.S. degree in AME from Cornell University in 1939.

From September 1942 to December 1945 Mr. Reese served in the U. S. Army Signal Corps in an affiliated unit sponsored by the General Telephone Company of Pennsylvania.

Mr. Reese is a Senior Member of the Institute of Electrical and Electronics Engineers, Inc; Chairman Erie (pa.) AIEE Section 1952-3; Member of Communication Switching Committee since 1954; Currently Vice Chairman of the Communication Technology Group. He is a licensed Professional Engineer in the state of Pennsylvania.

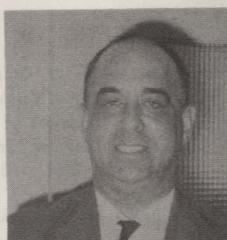

Dr. A. B. Giordano - Secretary

Dr. Anthony B. Giordano joined the Polytechnic Institute of Brooklyn in 1939. During World War II he devoted part of his efforts to microwave research and continued with the Microwave Research Institute after its formation in 1945 as a research supervisor. Paralleling his research activities Dr. Giordano directed academic programs in electronics, network and microwaves, was promoted to full professor in 1953, and also administered the graduate program in electrical engineering and the graduate study program on Long Island. He joined the graduate school in 1957 as associate dean and was elevated to dean of graduate studies in 1964.

He received the BEE in 1937, the MEE degree in 1939, and the DEE degree in 1946 from the Polytechnic Institute of Brooklyn.

Dr. Giordano is a Fellow and a former board member of the IEEE. He has held various IEEE positions, including chairman of the New York Section, regional director, chairman of the basic science division, and several professional groups responsibilities. He is, at present, Chairman of the 1967 Technical Program Committee for the IEEE International Convention, Secretary of the Communication Technology Group, and Vice Chairman of the Basic Sciences Committee.

Mr. David L. Solomon - Treasurer

Mr. Solomon joined the Office of the Secretary of Defense in 1963, where he now is the Technical Advisor to the Assistant Secretary of Defense for Administration, and on the Staff of the National Communications System. This Staff, on behalf of Mr. Robert S. McNamara, Executive Agent of the NCS, reviews and coordinates all activities of the NCS, including systems design, planning, budgeting and operations of all Federal military and civil agencies' telecommunications.

Mr. Solomon graduated from the School of Electrical Engineering at Purdue University in 1936 and joined the Western Union Telegraph Company in Chicago as Transmission Engineer, performing studies and making field trips throughout the telegraph plant in the middle and far west.

He subsequently joined the International Telephone and Telegraph Corporation in New York City where he was engaged in engineering and production activities in a large telecommunications factory. Mr. Solomon was appointed Assistant Chief Telephone Engineer at Stromberg-Carlson Corporation where his responsibilities included all engineering and systems planning. Mr. Solomon joined the United States Army Signal Corps in 1950 as a Supervisory Electronic Engineer and remained there until 1963.

#### CHAPTER OFFICER DIRECTORY

1966 - 1967

#### IEEE - COMTECH CHAPTERS 1966 - 1967

**Vice Chairman** Mr. L. Lerner, Program Manager  
Range Control Systems  
Pan American World Airways, GMRD  
Patrick Air Force Base, Florida 305-494-5846

**Secretary** Mr. Rollo E. Christensen  
Director - Data Systems Marketing  
Radiation Incorporated  
P. O. Box 37  
Melbourne, Florida 305-723-1511

**Treasurer** Mr. R. K. Snelling  
District Engineer  
Southern Bell Tel. & Tel. Co.  
712 Florida Avenue  
Cocoa, Florida 305-623-0713

#### ALABAMA

**Chairman** Mr. J. E. Spencer  
Southern Bell Telephone Co.  
1710 Building  
1st Avenue North  
Birmingham, Alabama

**TELEPHONE**  
205-328-2506

#### ATLANTA

**Organizer** Mr. W. B. Warren  
Georgia Institute of Technology  
Engineering Experiment Station  
Atlanta, Georgia 30332

#### BOSTON

**Chairman** Mr. Paul R. Drouillet  
MIT Lincoln Laboratory  
Lexington, Massachusetts

617-862-5500  
Ext. 261

**Vice Chairman** Mr. John E. Mutty  
RCA Aerospace  
System Division  
Burlington, Massachusetts

617-272-4000  
Ext. 2232

**Vice Chairman** Mr. William B. Floyd  
Litton Systems  
335 Bear Hill Road  
Waltham, Massachusetts

617-894-6020

**Secretary** Mr. Saul Fast  
National Company  
111 Washington Street  
Melrose, Massachusetts

617-665-9150

#### CHICAGO

**Chairman** John Fulenwider  
Automatic Electric Labs.  
400 N. Wolf Road  
North Lake, Illinois 312-ES9-4300  
Ext. 560

**Vice Chairman** Warren R. Foxwell  
Teletype Corp.  
555 Touhy Avenue  
Skokie, Illinois 312-CO7-6700  
Ext. 6516

**Secretary** Mr. George J. Mack  
Illinois Bell Telephone Co.  
208 N. Washington Blvd.  
Chicago, Illinois 312-227-3339

#### CANAVERAL

**Chairman** Dr. B. E. Keiser, Mgr.  
Plans & Programs  
KSC Comms. Proj. (RCA)  
RCA Service Company  
P. O. Box 21207  
Kennedy Space Center, Florida 32815

305-867-2280

**Chairman** Mr. Arthur J. Ehlschlagler  
Western Elec. Co.  
6200 E. Broad Street  
Columbus, Ohio 868-2720

615-886-2572

#### CHATTANOOGA

**Chairman** Mr. M. B. Clayton  
411 Mississippi Avenue  
Signal Mountain, Tennessee 615-886-2572

#### COLUMBUS

**Chairman** Mr. Arthur J. Ehlschlagler  
Western Elec. Co.  
6200 E. Broad Street  
Columbus, Ohio 868-2720

615-886-2572

GENERAL NEWS

CALL FOR PAPERS  
1967 NATIONAL TELEMETRY CONFERENCE

May 16-17-18, 1967  
San Francisco, Cal.

DIGITAL COMMUNICATIONS INSTITUTE

UNIVERSITY OF FLORIDA  
Dept. of Elec. Engg., Gainesville, Fla.

A One Week Intensive Course  
January 23-27, 1967

FOR WHOM INTENDED:

Engineers, scientists, and mathematicians working in the area of communications or related areas who wish to keep abreast of current trends and recent developments.

PURPOSE:

The course is intended to provide the non-specialist with a perspective of the subject in a minimum time and also to provide the specialist and experienced person a comprehensive survey of modern communication, information, and coding theory.

SCOPE:

Authors are requested to submit both a 35-word abstract and 200-word summary of their paper. Since papers will be chosen on the basis of summaries, they should include concise statements outlining what new and significant results have been obtained. Inclusion of key illustrations will facilitate selection.

The 35-word abstract, suitable for publication in an advance program, should be typed on a separate sheet, and include title of talk, author's name, affiliation, complete return address and telephone contact. Abstracts longer than 35 words will be arbitrarily shortened by the Program Committee.

Summaries should be submitted in single-side, black-on-white, double spaced typewritten form suitable for immediate reproduction and screening purposes. The author's name, affiliation, complete return address and telephone contact should appear on the first page, and additionally, the author's name and abbreviated title on each subsequent page.

Both the summary and the abstract -- in duplicate -- should be forwarded on or before DECEMBER 9, 1966, to the program chairman:

Max A. Lowy - General Electric Co. - P. O. Box 8048  
Philadelphia, Pennsylvania

1966 IEEE SYSTEMS SCIENCE & CYBERNETICS CONFERENCE  
October 17-18, 1966  
International Inn  
Washington, D.C.

GENERAL MEMBERSHIP

Total as of July 31, 1966 6,717

This conference is sponsored by the Systems Science and Cybernetics Group, The Institute of Electrical and Electronics Engineers in order to provide a forum for the exchange of views of all those interested in the closely interrelated fields of systems science, systems engineering, and cybernetics. The scope of this Group encompasses the treatment of the science that is common to all large collections of interacting functional units that together achieve a defined purpose. This includes analysis, simulation, synthesis, implementation, evaluation, and the consideration of the uncertainties of system parameters. Also included are matters pertaining to the theory and design of communication and control in natural and synthetic systems, including biological and behavioral systems. Areas of interest include such interdisciplinary subjects as bionics, artificial intelligence, and self-organizing systems, and such aspects as modeling, optimization, reliability and general theory.

WORTH SAYING

Major General David P. Gibbs, USA, Chief of Communication-Electronics--" The ability of the human eye and brain to scan an enormous amount of data, resolve it in detail, and relate it in three dimensions is unsurpassed. As a broadband receiver--possessing frequency, phase, and directional discrimination--the human ear-brain combination is unexcelled. It behooves us, therefore, to make use of these human 'inputs' to their utmost. If we accept the premise that no communication, in the ultimate sense, takes place until the intended recipient has received and understood the information destined for him, the job rests with the communicators. It is up to us to perfect audiovisual techniques to make the match between the man and the electronics system. When we do this, we will have overcome the greatest impedance mismatch that exists in the entire chain."
