IEEE Geographic Unit Organizing Document - Ottawa

The IEEE Eastern Canada Council (ECC) is one of three that make up IEEE Canada (Region 7 of IEEE). It convenes as a committee made up of executive representatives from the Montreal, Ottawa, Saint Maurice, Quebec, Canadian Atlantic, New Brunswick and Newfoundland & Labrador Sections. Its primary purpose is to assist in the development and expansion of communications and training of IEEE Council executives and to assist and encourage communication between the Sections within the Council and IEEE offices. Officially established on August 28, 1969, its original Bylaws were approved at the first meeting of Council on February 18, 1970.

The Ottawa Section is after Montreal the oldest ECC member, being founded in 1944. Being at the heart of Canada's silicon valley, Ottawa hosts about 50% of the Council membership, thus making it the largest of the seven. The challenge of staying in touch with its members, has led to the launching of the IEEE Canada Electronic Newsletter. Through E-mail, this can reach out to all IEEE members across the country. With 13 technical Chapters, the Ottawa Section has been very active with education in the community and industry. A significant event for the Section, the city of Ottawa and indeed the country was when the IEEE designated the Alouette/IRIS Satellite Program as an International Milestone of Electrical Engineering.

• **About IEEE:**

○ The **IEEE** (Institute of Electrical and Electronics Engineers, Inc.) is the world's largest technical professional society. Through its more than 400,000 members in 150 countries, the organization is a leading authority on a wide variety of areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power and consumer electronics. Dedicated to the advancement of technology, the IEEE publishes 30 percent of the world's literature in the electrical and electronics engineering and computer science fields, and has developed nearly 900 active industry standards. The organization annually sponsors more than 850 conferences worldwide.

• **About IEEE Canada:**

○ The **IEEE Canada** is the Canadian arm (as Region 7) of the Institute of Electrical and Electronics Engineers (IEEE) as well as the constituent society of the Engineering Institute of Canada (EIC) for the technical fields of electrical, electronics, and computer engineering. IEEE Canada has 17,000 members. It operates some 20 sections (local organizations) arranged in 3 areas (Western, Central, and Eastern Canada), as well as over 50 student branches in universities and colleges

Welcome Message to IEEE ICC 2012

Dear all,

The IEEE International Conference on Communications (ICC) has been the flagship event of the IEEE Communications Society since 1965.

The IEEE Ottawa Section is proud to host IEEE ICC 2012 Conference, Industry Forums and Exhibition from 10-15 June 2012 at the newly Ottawa Convention Centre which is located on the scenic banks of the Rideau Canal and embedded in the cultural center of Ottawa, the Canada's beautiful capital city.

The ICC 2012 is expected to attract and bring together thousands of the world's industry leaders, scientists, academics, engineering professionals, policy makers, and government officials to the presentation of nearly 1,500 keynotes, business panels, technical papers, workshops and tutorials held under the theme of the conference is "**CONNECT • COMMUNICATE • COLLABORATE**". For participants it promises to stimulate the scientific exchange of ideas, the identification of future trends in communications, and the illumination of business opportunities.

The ICC 2012 conference has a balance between the industry and academia participation. The ICC 2012 conference has been expanded to include **18 Industry Forums** with topics from across 3 technology pillars (recommended by industry), which will detail the latest advancements in communications worldwide:

Service and Application:

- Social Networks
- National Systems
- Advanced Technologies
- Patent and Licensing Strategies
- Government and Defence
- Identity Management

Infrastructure:

- Cloud Infrastructure & Networking
- Heterogeneous Networks
- Network Technologies
- Cloud Security
- Mobile Backhaul
- Content and CDN

Middleware and Management:

- Cloud Management
- Edge Networking
- Security
- Green Communications
- IPTV
- IPv6

The conference also features **17 Technical Symposia** where hundreds of high qualified accepted technical papers will be presented:

- Ad-hoc and Sensor Networks
- Cognitive Wireless Networks
- Communication and Information System Security
- Communication QoS, Reliability and Modeling
- Communication Theory
- Communications Software and Services

- Next-Generation Networking
- Optical Networks and Systems
- Signal Processing for Communications
- Wireless Communications
- Wireless Networks

- Selected Areas in Communications:
 - Access Networks
 - E-Health
 - Powerline Communications
 - Smart Grid
 - Satellite & Space Communications
 - Tactical Communications & Operations

As part of the technical program, the conference also has **27 Technical Workshops**, and **12 Tutorials**. The conference also offers a workshop on humanity and technology. Also, the conference hosts a large **Exhibition** where participants they have the opportunity to visit and learn about the newest and latest cutting edge technology.

Therefore the focus of IEEE ICC 2012 is to bring the industry and academia to meet and discuss the trends of the of the communications market.

The Ottawa region is an ideal location for ICC 2012. It is not only the hub of the Canadian government but

Mr. Rejean Arseneau

Dear Mr. Arseneau:

On behalf of IEEE's General Manager, Mr. Eric Herz, we are pleased to advise that all requirements have been met for the change in status to the existing Ottawa Joint Chapter of Reliability, Instrumentation and Measurement and Power Engineering Chapter to form two independent chapters as indicated below:

- 1) A single Chapter of Instrumentation and Measurement
- 2) A Joint Chapter of Reliability and Power Engineering

The change in status was approved. The effective date of this change is February 24, 1987.

At this time we are recording you as chairman of the joint chapter and Mr. P. Filipski as IM-09 Chapter Chairman. When an election has been held, please use the enclosed Chapter Officer Reporting form (L7) to report the officers to IEEE. Subject: IEEE Ottawa Section - Signal Processing Society Chapter - Chapter Change

Greetings,

We have received a request from John Grefford, Chair of the IEEE Ottawa Section requesting to add the Oceanic Engineering and Geoscience and Remote Sensing Societies to their existing Signal Processing Society Chapter.

The new chapter will be the:

IEEE Ottawa Section - Signal Processing/Oceanic Engineering/Geoscience and Remote Sensing Joint Societies Chapter - Chaired by Slawo Wesolkowski.

If you have any questions or concerns, please contact Chair Grefford at grefford@ieee.org. If you have any objections to this chapter change, please contact me immediately.

Thank you very much.

Ms. Carolyn Macisaac

Dear Ms. Macisaac:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, and the IEEE Ottawa Section – Women in Engineering Affinity Group has been formed. The effective date of this Affinity Group formation is 26 July 2005.

At this time, we are recording you as the Affinity Group Chair. When an election has been held, please report the name and member number of the new Affinity Group Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. If we can assist you in any way in the planning of the Affinity Group activities, please let us know.

We extend our best wishes for the successful operation of this Affinity Group.

Sincerely,

Cecelia Jankowski
