SUBJECT

IEEE PORTLAND SECTION

IEEE REGION VI

Please note that the IRE Portland Section (part) and the AIEE Portland Section (part) have merged to form the

IEEE PORTLAND SECTION

The territory of the IEEE Portland Section will encompass the following:

All of the State of Oregon except the following counties:

Baker	Malheur	Union
Grant	Morrow	Wallowa
Harney	Umatilla	

Counties, Washington:	Clark	Klickitat	Wahkiahum
	Cowlitz	Skamania	

Kindly code all plates for members in the above territory in the AIEE and IRE membership files accordingly for the IEEE PORTLAND SECTION, keeping the AIEE and IRE plates separate as currently being maintained.

Please prepare a set of 3x5 cards on all plates which have been changed and forward to the Membership Department for appropriate action.

ES:ee

May 21, 1909.

Mr. L. B. Cramer,
67 North 20th Street,
Portland, Oregon.

Dear Sir:

I have the honor to inform you that at the meeting of the Board of Directors of the Institute, held on Tuesday, May 18th, 1909, the organization of a Section was authorized at Portland Oregon, to be designated the Portland Section, in accordance with the petition submitted on March 16th. We suggest that you forward us a list of the officers as soon as the organization is effected.

We enclose for for your guidance a booklet regarding the organization of a Section and the carrying on of its work. This covers generally the main points in the conduct of the Section after its formation.

Several things, however, deserve particular attention. A report of each meeting should be forwarded to the Secretary's office within a reasonable time after each meeting. If notices of meetings are sent out in advance, a copy of the notice should also be forwarded to this office. The report should embody: date of the meeting, name of presiding officer, attendance, business of importance, title of the paper presented, name of speaker; if a visiting speaker, his address and title

should be given. It is desirable that a reading notice accompany the report, for publication in the monthly Institute Proceedings. A brief abstract of the subject presented may be included in this reading notice. Expense vouchers should be forwarded to this office, if possible, not later than the first of each month in order to insure reasonably prompt payment. Otherwise it may be necessary to hold them over to the following month. Under separate cover we send you a small supply of forms for reporting your meetings, and also a supply of expense vouchers. You will find information as to the expenses properly chargeable to the Institute in the enclosed booklet. Owing to the distance from here to Portland it will be better for you to have your letter-heads, envelopes, and post-card notices printed by a local printer, which expense may be charged to the Institute. We enclose samples of such stationery, and under separate cover we send you an electrotpe of the Institute emblem for the use of your printer. We think that we have fairly covered everything, but shall be pleased to furnish any additional information upon request.

Wishing you success, we are,

Very truly yours,

(Sgd) J. L. Hutchinson

Assistant Secretary.

RE: Potential contract
IEEE Incorporated and Bonneville Power Administration
(on behalf of IEEE Portland (Oregon) Section)

This is to make you aware of a developing situation, and to ask several questions related to same.

The IEEE Portland (Oregon) Section called last week asking whether it would be proper for them to be in a competitive bidding situation with commercial entities. They have proposed, to the U.S. Dept. of Energy/Bonneville Power Administration to present a class in "C" Programming. This class would be offered at BPA and would not be limited to IEEE members.

I discussed this issue with Rudi Stampfl, who advised that it was appropriate for the Section to do the proposal, but that it needed to be understood that any contract would be between IEEE Inc. (incorporated in the State of New York) and BPA. I advised Portland Section Chairman Clay Fouts, and past Chairmen Jamie Austin of this condition. I also asked that they send us background information and a copy of the proposal. Their response is attached.

Rudi and I reviewed the material to the best of our ability, and provided several comments to the Section:

- * Confirmed the necessity of IEEE Inc. as signature (Fax, P.2).
- * Recommended that minutes of Portland Section Executive Committee (P.3) not be included in proposal.
- * Suggested to Portland Section that a memorandum of understanding between IEEE Inc. and the Portland Section be prepared. This document should explain how the money is to be used (breakdown as noted in minutes would be sufficient). Rudi indicated that there might be a percentage due to IEEE Inc. (8%?) as a kind of handling charge. Please let me know, and I'll advise the Section.
- * (Fax, P. 5). Noting that the proposal - and probably the contract, if bid accepted, requires a single figure, we will reiterate importance of memorandum. Otherwise, the entire \$7,000 would go to the Section, and instructors, book and other costs wouldn't be broken out cleanly.
- * (Fax, p. 6) Confirmed the Taxpayer Identification Number with Dave Galicki.

- * (Fax, P. 7) We recommended that Portland Section add the publisher and copyright date of text, and more details on course evaluation, to the "Statement of Work" portion of the proposal.

If the proposal is accepted, a contract will be prepared immediately. The course is scheduled to begin March 19, 1990.

There were several related questions raised by the officers for which I'd appreciate your response (or guidance as to who I should call).

Portland Section plans to invite a local university faculty member to audit the course, in order to monitor level of quality. They asked if IEEE has a "national auditor" or other program through which an audit could be done.

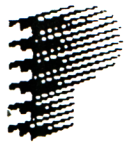

The course instructor is an active PACE member. Because the Section questioned the propriety of offering the course on behalf of Section, he was concerned that the course might not be offered. He indicated that if the Section could not sponsor it, he would go through PACE. She is concerned, and wants to know if PACE is proper channel, or "if he could do this?" I sense a hidden agenda in her question, but don't have enough information to frame my response.

Thank you for your response to these questions, and any guidance you can provide.

Meri L. Gordon - SRPC

Dear Ms. Gordon,

The Portland Section of the Institute of Electrical and Electronics Engineers (IEEE) is submitting a bid to provide one 30-hour course on "The C-Language"; reference REQUEST FOR QUOTATIONS No. DE-RQ79-90BP06540. The following are enclosed:

REQUEST FOR QUOTATIONS
Response to STATEMENT OF WORK
Course Outline
Information regarding Instructor(s)
Resume of Principal Instructor

We are ready to begin teaching this course on March 19. However, before we are able to consummate the contract with BPA it must be signed by IEEE, Inc. If you have any questions please contact me at the above address or call 464-6581.

Sincerely,

D. E. Badley, Chairman
Education Committee

Pacific Power & Light Co.
Portland State University

Notes of March 1, 1990
Education Committee Meeting

C-Language Programming Course Offering to BPA

The Education Committee reviewed BPA's REQUEST FOR QUOTATIONS for a C-Language programming course and agreed to enter a bid. It was also agreed that the guest instructor should teach a minimum of 12 hours during the course. The Principle Instructor will be asked to sign a "contractor form" (to be supplied by Steve Waite). For this course, we will ask \$7,000. This would break down as follows:

IEEE	\$1,100
Principle Instructor	2,500
Guest Instructor	2,500
Materials and Supplies	900 (\$640 for books and \$250 for refreshments)
Total	\$7,000

Instructor fees were discussed, the general feeling was that these fees were on the high side. However, since it is likely that this course will be requested again, the Committee will have an opportunity to re-evaluate the fee issue with the next offering.

Miscellaneous

The C-Language course completion certificates given to Paul Harris (for the course taught in 1989) have still not been sent to the students. Jamie Austin will have the certificates filled out and ready for the instructor's signatures.

Future Meetings

Future meetings are scheduled to occur at noon on Tuesdays prior to Executive Committee meetings. The meetings will be held in the Northwest Power Pool Conference Room. The next few meetings are scheduled as follows: March 20, April 24, and May 29.

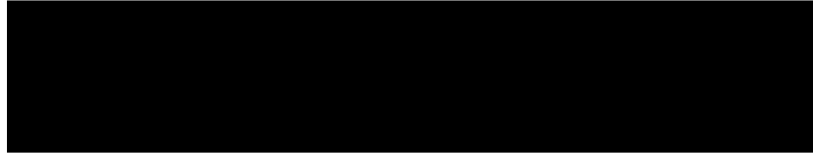

Future Topics

We will discuss tele-conferencing, a questionnaire to assess membership educational needs, and presentations to corporations interested in IEEE, Inc. offerings.

SUBTOTAL \$ 7,000-

IEEE will provide:

One C-Language class taught in ten, 3-hour sessions.

A textbook and class notes for each student. The textbook chosen for this course is "Application Programming in C", by Johnsonbaugh and Kalin.

Minor refreshments during the class meeting.

Experienced instructor(s).

Quality instruction for a class of 1-16 students.

*recommend
adding
publisher +
date*

BPA will provide:

A classroom for each session.

At least two terminals in the classroom. One terminal for each pair of students would be desirable.

Each terminal must be equipped with C-compilers and linkers installed in the hardware.

Installation-specific reference books for class use.

Two overhead projectors and screens.

Table for refreshments.

Classroom format for desks and tables.

The names of the students for each class. One to sixteen students are permitted to attend each class.

Evaluation of Offering:

This course is similar to the one already given by IEEE in 1989. Thirty students were enrolled in that course. By the end of that course, most of the students were able to program in C-Language. The general response to this course was enthusiastic.

While the course is targeted for beginners, the content is comprehensive. This is possible because of the unique delivery style of the instructor(s) which tends to make complex concepts simple to the beginner. The course as designed will be beneficial to system programmers, application programmers, project managers, and system analysts.

INSTRUCTORS

Principal Instructor: E. C. Ogbuobiri, PhD, PE
Consulting Engineer and Computer Consultant

Guest Instructor: J. B. Erwin, COAP
Computer Consultant

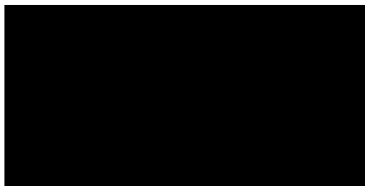

EXPERIENCE OF INSTRUCTORS

Dr. Ogbuobiri has over twenty-five years of computer applications work, Systems Analysis, and computer consulting in industry and business. He is specially experienced in conducting workshops for beginners on complex scientific, engineering, and general systems subjects. He has worked for IBM in computer design, Cornell University in the Research Computing Laboratory, Bonneville Power Administration as a Systems and Methods Analyst, City of Portland as Information Systems Manager and Consultant, Nero and Associates, Inc. as Training Instructor, Portland State University as Adjunct Professor, EZAK Associates Ltd. as principal instructor, and Portland Section of IEEE as planner, coordinator, and instructor for the C-Language Programming course offered to the public in 1989.

Mr. Erwin's experience includes professional computer work at the National Semiconductor, Intel Corporation, and DWB Associates, Inc. He was also the principal instructor in the C-Language Programming course IEEE offered to the public in 1989.

NEW SERVICES

Cal 11 Dec 91

Dear Gloria:

Just a note to give you the chronology of this mess.

I was the Nominating Committee Chair, as Jr. past Chair person, and members were Don McLemore, Chet Taylor, Mark Wirfs, and Ed Yasuda.

We met on 18 Sep 91, over lunch. Don McLemore was not there. I didn't know it at the time, but he had not received the message I left on his office answering machine. (That happened once again, but I finally made contact.)

After the lunch meeting, I called the Nominees to reconfirm their availability. One person declined to accept after earlier indicating he would. Subsequent to that, a serving officer decided he did not want to continue. Thus, there were two slots needing candidates before we could hold an election.

I called several people, who were members, and eligible under the Bylaws, and ~~most~~ all refused to be nominated. (I was looking for a Treasurer Candidate and a Secretary Candidate.) Finally, I found one person who would accept nomination for either position. I

they persuaded the serving officer, the Treasurer, who declined to continue, to go on as Treasurer. (He later decided again to not serve. As of this date, we have no candidate for Treasurer, and perhaps not for Secretary.)

Believing we had a final slate of candidates, I prepared an article (and a ballot form) for the local ~~p~~ Section publication, the BEEEP. I faxed the article and ballot to Dr Ogbuobiri on 19 Nov 91.

He called me that evening, demanding that I convene an emergency meeting of the Nominating Committee so he could correct our error in not nominating him as the sole nominee for a second term.

I contacted all of the Nominating Committee members (again with the exception of Don McLemore, but this was not intentional, and I eventually did get in touch with him.) The members did not want an emergency meeting. We met again on 25 Nov 91. The rest you can pick up from the correspondence chain.

Regards, Clay

Faxed to Dr Ogbuobiri on 19 Nov 91

1992 OREGON SECTION OFFICER ELECTION ANNOUNCEMENT AND BALLOT

The Nominating Committee for the Oregon Section recommends the following slate of officers for the calendar year 1992.

Chairperson: Dan Garigan;
ViceChairperson: Nabil Farah;
Secretary: Don Badley;
Treasurer: Steve Schenk, PE.

Dan Garigan is presently the Chair of the Computer Society Chapter, as well as the serving ViceChair of the Oregon Section. He is self employed. If elected, he will leave the Computer Society Chair job, and concentrate on the Oregon Section administration duties.

Nabil Farah is presently the serving Oregon Section Secretary. He is employed by Portland General Electric.

Don Badley is currently the Chair of the Education Committee, and is employed by the Northwest Power Pool. Largely due to his direction, the Education Committee has performed in an outstanding manner during the year just past.

Steve Schenk is presently serving as Oregon Section Treasurer. He has done an outstanding job in this position during this last year. He believes he can contribute more to the Section by staying on as Treasurer, and the Nominating Committee acceded to his wishes.

The Nominating Committee is pleased to submit this slate of officer candidates to you for your consideration, and we recommend their election. We believe that if they are elected, they will serve you with the honesty, integrity, and attention to the welfare of the Oregon Section that you have grown accustomed to in past years.

The ballot that follows this report has space for write-in candidates also, should you wish to propose another person for an office.

Please mark your ballot, and mail it before 15 December 1991, to:

Portland, Oregon 97208-2253

Clayton A Fouts, PE
Chairman, Nominating Committee

Copy
Clay's file

4158 S Glen Terrace

Dear Nominee-Candidate:

You have been selected by the Nominating Committee as one of the two candidates for the office of Chairperson of the Oregon Section of the IEEE. This is an important office, and the Committee believes there is sufficient interest for the first time in many years to warrant more than a single nominee.

You are invited to submit a statement to the Members of the Oregon Section setting forth your qualifications for the office, and your reasons for wanting to be elected to it. The statement should be not more than 1000 words in length. Your statement should be provided to me not later than 9 December 1991. You will be given a copy of your opponents statement to allow you to formulate a rebuttal of not more than 750 words. Your rebuttal must be provided to me not later than 16 December 1991, for publication in the BEEEP for January, 1992.

As you can see, timing for this is critical, and we need your statement and rebuttal no later than the time indicated. Should you fail to submit the requested documents, the election will continue regardless.

Clayton A Fouts, PE
Chairman, Nominating Committee

Memorandum

PLEASE REPLY TO:

Date: December 2, 1991
From: Chuks Ogbuobiri, Chairperson 
To: Clay Fouts, 1991 Nominating Committee Chair
Subject: Status of Nominating Committee Work

As I prepare for the Executive Committee meeting tonight, I remain concerned about the progress of the Nominating Committee work.

The constitution of the committee was confirmed by me in August and published in the September issue of BEEP, with you named as Chair.

At the regular meeting of the Executive Committee in November, you reported that the committee was still at work and that it was not ready with a report.

After I monitored some irregularities surrounding the committee operation, I requested you to convene the committee on an emergency basis, for me to meet with the committee and review its assignment and obligations of stewardship therein. Your verbal attributions, which were not acknowledged, intensified my desire to meet face-to-face with the committee in an attempt minimize possible errors.

You left one telephone message with my voice mail that you were not able to get the committee to meet. However, that same afternoon, I found that four of you, out of five, were in town and were ready to meet at your call. I also found that one member had never gotten any correspondence from you regarding the committee activities. Not all the committee members had had the opportunity to participate in the decisions being reported on behalf of the committee. They recall one luncheon meeting being held; one member was not notified about the meeting.

Not having heard from you pursuant to my request, I have concluded that you are not maintaining proper communications with me in relation with critical committee work. If you are having any problems, the poor communication makes it difficult for me to assist as incumbent Section Chairperson in diagnosing the problem in a timely manner and applying suitable remedies.

I have refrained from bugging you unnecessarily. I am sure you understand what my request to you was. Needless to say that there appears to be an unwillingness on your part to communicate status and coordinate progress in a timely manner. It is not in the best interest of the organization to keep the chairperson in the dark especially when schedules are slipping. There is no problem we cannot handle, by the grace of God.

I would like the meeting tonight to be as short as possible as December meetings have traditionally been. So I am requesting committee chairs to coordinate their needs with me ahead of time. **END**

cc: Nominating Committee members
Chet Taylor, Mark Wirfs, Don McLemore, Ed Yasuda.

E C Ogbuobiri, PhD, PE
[REDACTED]

Dr Ogbuobiri:

Please refer to your memorandum to me dated December 2, 1991, and our telephone conversation of 19 November 1991.

I am replying to your memorandum by paragraph.

There is, and was, no reason for you to be concerned about the progress of the Nominating Committee's work. As I told you at the Executive Committee meeting you referred to, the Committee met first on 18 Sep 1991. I called all of the members; Don Mc Lemore was not present because he hadn't received my message.

There is no question about the membership of the Committee.

The first formal discussion of the Nominating Committee's activities at the Executive Committee meeting in November indicated that two people who had originally agreed to serve in the Section Offices had changed their minds. It was therefore necessary to find two others who were not only willing to serve but acceptable under the bylaws. This proved to be difficult. That was the report, and I did not indicate the Committee had no report.

During the period between the original meeting of the Committee and the report I faxed to you on 11/19/91 at 07:44 am, there were no "irregularities" for you to monitor. You requested that I convene the Committee on an emergency basis when you received the Committee report and discovered the Committee had followed the bylaws and tradition by nominating the candidates in succession. I don't understand your reference to verbal attribution, but the members of the Committee did not wish to meet with anyone outside of the Committee. I am sure you know that my style of leadership is to not stifle debate or dissent; if the Committee had wished to meet with you, we would have. I do not understand your meaning when you say you wished to minimize possible errors.

As you noted, one Committee member was out of town. Chet Taylor, the Region 6 Director Elect, was at an IEEE meeting in San Francisco. The Committee perceiving no emergency, I elected to wait until all five of its members were available. At this point, you should note that four of the five Committee members participated in the original meeting, and the original decision; that is the number you deemed adequate for the "emergency" meeting you requested.

I called once after your request, and told you there would be no

emergency meeting. There were no poor communications.

It appears from our referenced telephone conversation, and your reaction to the original Committee report, that your main concern was that the Nominating Committee did not choose to nominate you for a second term as Chairperson. The reasons you gave for wanting a second term, namely that the Section was not accustomed to the reorganization, and that the Nominating Committee's original nominee for Chair did not support your reorganization, and did not have enough experience, are really not adequate justification for a radical departure from the bylaws and tradition.

The reorganization of the Oregon Section has proceeded well. I believe, as do most of the other officers (including the original nominee), that your ideas have been brilliant. The Section has been well served by those ideas.

However, as you know, other leaders have also served IEEE well. Their best ideas survived their terms in office, as will yours. Our predecessor leaders in IEEE wisely determined that the members best interests would be served by a mix of those ideas, and a succession of leaders with varied interests, experience and leadership skills to apply the ideas and use them to build a unified Institute composed of willing, motivated volunteers. The Institute does not motivate volunteers by promising them an opportunity to reach the apex of leadership, and then denying that promise.

Your remarks regarding nominees qualifications are unfortunate. A nominee that has headed a large and important Society Chapter has no need for validation by the Section Chairperson. The Society members are more than capable of removing an unsatisfactory officer. I have been active in the Section for several years, and I have heard no complaints against any of our Society officers.

The Nominating Committee met again on 25 November 1991, as you know. A majority of the Committee voted to nominate you as well as Mr Dan Garigan. I cannot congratulate you, because in my view the influence exerted to achieve your nomination for a second, consecutive term as Chairperson was improper.

I am personally shocked and saddened by your refusal to accept the judgment of your peers in the community. I believe the only recourse I have is to resign my IEEE membership in protest.

Sincerely,

Clayton A Fouts, PE

Patrick Barrett

Dear Mr. Barrett:

On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Consultants' Network Affinity Group of the Oregon Section has been formed. The effective date of this Affinity Group formation is 28 November, 2001.

At this time we are recording you as the Affinity Group Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Affinity Group activities please let us know.

We extend our best wishes for the successful operation of this Affinity Group.

Sincerely,

Cecelia Jankowski
Managing Director
Regional Activities

Subject: Oregon Consultants Network

Hi Peggy:

I spoke to Tracy today and informed her that due to an oversight, Oregon was apparently not grandfathered in as an Affinity Group. The Oregon Consultants Network has been operating under the impression for a number of years that they were an affinity group.

Can you now enter them into the system as an affinity group so that the local section receives the Affinity Group rebate for 2001. Please contact Tracy or me if you have any additional questions.

Thanks for your help.

Scott

Dr. Tawfik Rahal-Arabi

Dr. Pradeep Kumar

Dear Dr. Rahal-Arabi & Dr. Kumar:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, and IEEE Technical Activities Vice President, John Vig, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, and the change in status of the IEEE Oregon Section – Circuits and Systems/Communications/Ultrasonics, Ferroelectronics, & Frequency Control/Lasers & Electro-Optics Joint Societies Chapter has been approved.

The Joint Chapter has split into two units. The separate Chapters will now be the IEEE Oregon Section – Circuits and Systems/Components, Packaging & Manufacturing Joint Societies Chapter, chaired by Dr. Tawfik Rahal-Arabi and the IEEE Oregon Section – Communications/Ultrasonics, Ferroelectronics, & Frequency Control/Lasers & Electro-Optics Joint Societies Chapter, chaired by Dr. Pradeep Kumar.

The effective date of this Chapter change on is 03 June 2005.

When an election has been held, please report the names and member numbers of the new Chapter Chairs to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

Subject: Oregon Section Request for New Joint Chapter CPMT021/CAS004

Dear Lauren,

As 2005 Oregon Section Chair, I request that effective immediately CAS004 be split out of the current COM019/CAS004/LEO036/UFFC020 joint chapter and be instead be combined in a new joint chapter CPMT021/CAS004. This will better align our CAS004 members and give CPMT021 a larger member base. Pradeep Kumar, chair of COM019/CAS004/LEO036/UFFC020, and Tawfik Arabi, chair of CPMT021, both agree to this change.

Please contact me, Pradeep or Tawfik if you have questions or need further information.

We also ask that you give us an estimate of what date this transfer will become official.

Best regards,

Dan

Dan Arnold

Professor Fu Li

Dear Prof. Li:

Congratulations! On behalf of IEEE General Manager John H. Powers, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Signal Processing Society Chapter in the Oregon Section has been established. The effective date of this Chapter formation is August 6, 1993.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Melvin I. Olken
Staff Director
Regional Activities

6 February, 2001

Gary Romans

Dear Mr. Romans:

On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the change in status of the Circuits and Systems/Instrumentation and Measurement/Communications/Ultrasonics, Ferroelectrics, and Frequency Control/Components, Packaging and Manufacturing Technology/Control Systems/Lasers and Electro-Optics Societies joint Chapter of the Oregon Section has been approved. The Chapters will now be the Components, Packaging and Manufacturing Technology Chapter and the Circuits and Systems/Instrumentation and Measurement/Communications/Ultrasonics, Ferroelectrics, and Frequency Control/Control Systems/Lasers and Electro-Optics Societies joint Chapter of the Oregon Section. The effective date of this Chapter change is 6 February, 2002.

At this time we are recording you as the Chair of the Components, Packaging and Manufacturing Technology Chapter. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski
Managing Director
Regional Activities

Subject: CAS/IM/COM/UFFC/CPMT/CS/LEO Chapter Change - Oregon Section

Hello

I received a request from the Oregon Section to split the above joint Chapter. The Chapters will be the Components, Packaging and Manufacturing Technology Society Chapter with Gary Romans ([REDACTED]) serving as the Chair, and the CAS/IM/COM/UFFC/CS/LEO joint Chapter.

If you have any questions or concerns, please contact John Prohodsky, Oregon Section Chair at jpro@dsl-only.net.

If you have any objections, please contact me on or before 6 February 2002. If no objections are received, I will proceed with this Chapter change. You will receive a copy of the letter of approval at that time.

Regards,
Peggy Kovacs

Greetings,

We received a request from Section Chair, Edward G. Perkins to split the existing IEEE Oregon Section - CAS04/IM09/COM19/UFFC20/CS23/LEO36 Joint Societies Chapter (CH06047) into two separate units.

The separate joint chapters will be:

IEEE Oregon Section - Instrumentation & Measurement/Control Systems Joint Societies Chapter. It will be chaired by Gary Hinkle

[REDACTED]

and

IEEE Oregon Section - Circuits and Systems/Communications/Ultrasonics, Ferroelectrics, and Frequency Control/Lasers & Electro-Optics Joint Societies Chapter. It will be chaired by Pradeep Kumar (PRADEEP@IEEE.ORG).

Do I have your approval to proceed with this Chapter change and have it presented on RAB's Agenda for 18 November 2004?

Warmest regards,

Lauren
