Subject: Establishment of a Microwave Theory and Techniques Society
(M.T.T.) Within the New Hampshire Section

Dear Mr. Smith:

The purposes for establishing a M.T.T. Society in the New Hampshire area are as follows:

- o Organize the present N.H. population of existing members participating in the M.T.T. Society.
- o Arranging presentations in locations of the area that are convenient to attend.
- o Spark new and re-newed interest in the IEEE and the MTT Society.

The following is a list of supporters who would participate in the M.T.T. activities and are in favor of a start up.

Also attached is the result of a small intra-office survey conducted at the Sanders Association Engineering facility, which I believe is indicative of the current status of the engineering community in New Hampshire regarding both the IEEE and MTT. There are several senior as well as regular members in the area who are prepared to participate actively in this proposed MTT Society.

Dear Mr. Cady:

As Organizer of the new Computer Chapter of the New Hampshire Section, you are the Interim Chairman of the Chapter. The IEEE Bylaws provide that all Chapter officers shall be active Section members, shall hold Member, Senior Member or Fellow grade membership and shall be members of the Group or Society concerned with the Chapter. Our records show that you presently hold Associate grade membership and are not a member of the Computer Society. We are unable, therefore, to record you as Chapter officer at this time.

Enclosed are the forms needed to apply for transfer to another grade of membership. You may additionally request membership in the Computer Society so that you will be on the local Chapter membership list and will receive all publications issued by the Society. We look forward to receiving your application for transfer in grade and for membership in the Computer Society.

Sincerely,

We are pleased to advise you that on September 25, 1956 the IRE Executive Committee approved the establishment of the New Hampshire Subsection of the Boston Section of The Institute of Radio Engineers, to include the State of New Hampshire.

As soon as you have elected officers, we would like to have their names and addresses for our records and for the listing of your new Subsection in the PROCEEDINGS.

The Board of Directors and the National Headquarters are constantly seeking ways and means by which they can improve their service to the members. Dear Mr. Jacobi:

Professor Thomas F. Jones, Jr., Secretary-Treasurer of the IRE Boston Section, has forwarded to IRE Headquarters the petition for the formation of a Subsection of the Boston Section, to be known as the New Hampshire Subsection.

This petition has been checked and found to be in order, with the following exceptions:

Nicholas G. Zantos: His IRE mailing address is in Malden, Massachusetts, rather than New Hampshire.

Norman F. Brunt: While Mr. Brunt was a resident of New Hampshire at the time he signed the petition, his mailing address was changed to San Diego, California, on August 15th.

If you can furnish the signatures of two additional petitioners, with IRE mailing addresses in New Hampshire, and forward to IRE Headquarters by September 24th, we will be glad to place this petition on the agenda of the IRE Executive Committee at their next meeting on September 25, 1956.

Dear Sir:

We are considering the formation of an IRE sub-section.

There are over 150 engineers in our plant, about one third of whom are IRE members. We feel that our location is far enough outside the Boston area to warrant a sub-section in the Nashua area to promote IRE interest and membership.

Advice and information on the formation of the sub-section and holding meetings would be appreciated.
