Dear Howard:

Being a bit more rushed than usual it took more time than anticipated for checking out the names of the members on the petition for the formation of a Siouxland Section that accompanied your letter of November 3. However, I can now advise that all of the signers are members in good standing. I have heard nothing from Mr. Boast with regard to the officers of the new Section so maybe you would care to follow-up on this point so we may have our records cleared at Headquarters.

Dear Andy,

Enclosed is the official petition of the Siouxland Subsection of the Iowa Section requesting the formation of a full Section. You will note that there are signatures of 54 of the 61 members of the Subsection and I request headquarters to check the names to determine if all are members in good standing.

Following this detailed check, you will note that they have recommended immediate approval and I suggest that we use December 1, 1961 as an official date. I assume that the new Section would continue the use of the recently elected Subsection officers and I am so advising Mr. Boast of this decision. If this is not correct I expect to hear further from him.

Will you please advise me as soon as possible regarding the audit of the signatures. Thank you.

Dear Mr. Brem:

I am very pleased to transmit to you the enclosed letter and petition from the Siouxland Subsection of the Iowa Section of AIEE requesting a change from subsection to section status.

This petition has been approved by the parent Iowa Section as evidenced by the signature of Mr. C. B. Feilmann, by the Sixth District Representative of your Sections Committee as evidenced by the signature of Mr. W. G. Kaldenberg, and by the Sixth District Executive Committee as evidenced by my signature, all of which appear as approval signatures on the copies of Mr. Mark F. Gardner's transmittal letter from the Siouxland Subsection.

If you concur with the application will you please indicate approval by signing the copies of the application letters and submitting the application to AIEE Headquarters recommending approval to become effective at the earliest possible date.

This petition was in Detroit during the week of the Fall General Meeting but because Mr. Kaldenberg had been housed at the Tuller Hotel and the petition was addressed to him at the Statler-Hilton it was never delivered to him but was just returned to Des Moines last week. This was unfortunate since we had hoped to receive approval which would be effective immediately in establishing full section status to the Siouxland Subsection.

Dear Sir:

Attached is a petition signed by 54 of the 61 members of the Siouxland Subsection of the Iowa Section requesting the formation of a section under the provisions of paragraph B80.030a of the Bylaws. The territory requested to be assigned to the section is the same as that now assigned to the Siouxland Subsection, being 16 counties in Iowa, 41 counties in South Dakota and 9 counties in Nebraska.

Due to the distances involved the Iowa Section has always granted considerable autonomy to this subsection, although it has maintained close liaison by personal contact as well as by correspondence. With the encouragement of the Iowa Section we feel we are now ready for full section status.

Our meetings are ordinarily held in Sioux City, Iowa, where we have our greatest concentration of members, however, we have made a practice the past few years of holding at least one joint meeting each year with the A.I.E.E.-I.R.E. Student Branch at South Dakota State College in Brookings. We intend to continue this practice and possibly hold one other meeting each year in another part of our territory in order to bring this benefit of Institute membership within reach of more of our members.

Respectfully,

Dear Sir:

Attached is a petition signed by 54 of the 61 members of the Siouxland Subsection of the Iowa Section requesting the formation of a section under the provisions of paragraph B80.030a of the Bylaws. The territory requested to be assigned to the section is the same as that now assigned to the Siouxland Subsection, being 16 counties in Iowa, 41 counties in South Dakota and 9 counties in Nebraska.

Due to the distances involved the Iowa Section has always granted considerable autonomy to this subsection, although it has maintained close liaison by personal contact as well as by correspondence. With the encouragement of the Iowa Section we feel we are now ready for full section status.

Our meetings are ordinarily held in Sioux City, Iowa, where we have our greatest concentration of members, however, we have made a practice the past few years of holding at least one joint meeting each year with the A.I.E.E.-I.R.E. Student Branch at South Dakota State College in Brookings. We intend to continue this practice and possibly hold one other meeting each year in another part of our territory in order to bring this benefit of Institute membership within reach of more of our members.

Respectfully,

Mark F. Gardner
