PLEASE REPLY TO:  
Siemens AG

Mr. M. Al-Dashash

July 25, 1988

Dear Mr. Al-Dashash,

Today I must address again the request of your Jeddah Subsection to become an independent IEEE section.

I am sorry to say that this activity does not make me very happy. I understand that Saudi Arabia is a very large territory with lots of desert in the center, and therefore not too much connections between its different centers of engineering activities. On the other hand there is not so much activity going on or to be expected, that it could not be handled very well by the presently developing subsection structure within one full section.

I am very glad to have one person to speak for the whole Kingdom so far in our regional committee. There is just one section in any other country of Region 8 aside of Italy. Our largest sections as UKRI, Benelux, Switzerland have between 1500 and 3000 members each, up to 10 active chapters and up to 3 languages spoken within one section territory. There would be a possibility to form an Arabian or Middle East Area some time in the future but also this does not seem to me feasible at the present state of society development and ongoing activities in your area.

A more realistic way could be to shift the section headquarter from Dhahran more to the center in Riyadh.

You should try to meet with three chairpersons of the East, Central and West district and work out a good proposal, telling what is your technical and organisational goal, what you want to improve and to make more efficient.

We certainly will not be able to invite and finance more than one representative of your country to our regional meetings twice a year. On the other hand there must be a good connection with the trans-national environment for each section well-secured.

PLEASE REPLY TO:

If there should be any real problems caused by the present structure of IEEE in the Kingdom, they might be resolved by some other means first.

In this perspective our number one goal should always be the best quality of service for the individual member at an adequate and realistic price. May be you can deliver a common opinion and proposal already at our next meeting in Munich - 2 1/2 months from now. We will be also particularly interested in specific technical activities, chapter foundations, planned or already held conferences, student activities etc.

For the moment I will not take any action in supporting a split of your section as requested recently by a letter to the IEEE president from your Jeddah subsection Chairman.

Best regards,

H. Rüchardt

Dr. H. Rüchardt

IEEE Section and Chapter

Richard M. Emberson

JAN 31 1979

Field Services

Al-Khobar, Saudi Arabia  
18 January 1979

Dear Mr. Emberson:

We are interested in establishing a Section and Chapter of IEEE in Al Khobar/Dammam metropolitan area.

A good number of major international companies like ARAMCO, Bechtel, Flour, Black & Veatch, etc. have their offices located in this part of the country. These companies employ a large number of qualified electrical engineers from the United States of America, Europe and other countries. I think a lot of these engineers are members of IEEE.

There are not much activities going on in this country in technical, professional and personal development of individual engineers.

This new Section at the local level will be the focal point for contacts with other IEEE members and for personal involvement in education, technical and professional activities at the local level.

I will appreciate if you please send me all the necessary details for establishing the Section and the Chapter of IEEE in Eastern Provinces of Saudi Arabia.

Thanking you.

Sincerely yours,

Vishwa N. Soni  
Senior Member (6193122)

*Proposed Saudi Arabia*

April 12, 1976

Mr. John J. Tary  

Dear Mr. Tary:

With reference to your telephone call today, I am pleased to enclose full details on the requirements to form an IEEE Section, along with the petition form.

I am scheduling preparation of a list of the names and addresses of all current IEEE members in Saudi Arabia for airmail shipment to you in about two weeks.

If we can be of any assistance in plans to establish a Section in Saudi Arabia, please let us know.

Sincerely,

Elizabeth Escala  
Field Services

Ralph Powell

Dear Mr. Powell:

In response to your telephone call to IEEE today, we are pleased to enclose information on the requirements to establish an IEEE Section which you can provide to the IEEE member who wishes to take this action in Saudi Arabia.

Our records show that there are presently 110 IEEE members in Saudi Arabia other than Students. If your contact will need the names of these members in order to complete the petition, please have him write directly to us and we will enter the order to the computer for the list of names or for labels he can use to contact the members.

We are pleased to note that action is being taken to establish a Section in Saudi Arabia and feel that this will be of considerable benefit to ~~this~~ group of members who now have little or no representation. Thank you for your assistance.

Sincerely,

Elizabeth Escala  
Supervisor, Field Services

June 17, 1981

Ms Lynn D. Blackwell

Dear Ms. Blackwell:

Your letter of May 23 to Gloria Kearns has been passed to me for a reply. We very much appreciate the effort out there in establishing the Section and nurturing its growth. Field Services is the best contact in dealing with batches (not individuals) membership applications. I believe the way you handled this batch totaling \$307.50 is quite good, with a couple of suggested additional steps for security.

Batching the applications with one US \$ check for the total amount is a good start, but I would suggest adding a check list with application names, application total and a grand total at the bottom matching the amount by the single check. I further suggest although it may not be convenient, that you keep a copy of your letter sending the document, each application, and check list and a zerox copy of the check for the total. They should be sent to:

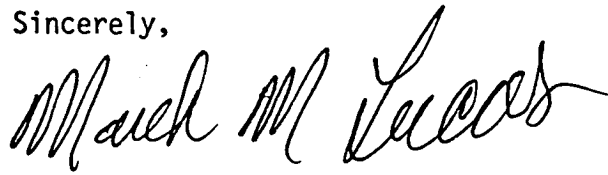

IEEE FIELD SERVICES  
445 HOES LANE  
PISCATAWAY, NEW JERSEY 08854

We will confirm receipt to you and pass the documents over to Member Services for processing. If you have any questions or need assistance you may continue to contact Gloria Kearns or myself.

I assume it is inconvenient for individual members to send in the application with US \$ leading to this situation. If not, I would encourage individuals handling their own applications once you have established a firm membership base.

Thanks again for your support. We look forward to receiving receipt of your elections and first slate of officers.

Sincerely,

A handwritten signature in cursive script that reads "Mark M. Lucas". The signature is fluid and stylized, with the first and last names being more prominent than the middle initial.

Mr. Robert Tucker

Dear Mr. Tucker:

Thank you for your letter of January 21. As you will see from the attached, there has been a great deal of interest recently in the formalization of IEEE activity in Saudi Arabia.

So that there is no conflicting efforts in this area, I suggest you contact any or all of the members listed on the attached status report and form a joint effort.

Thanks again for your interest.

Sincerely,

A handwritten signature in cursive script that reads "Mark M. Lucas".

Field Services

Dear Sirs,

I am proud to be sending you a petition for the formation of a Saudi Arabian IEEE Chapter. Enclosed with this letter you will find photocopies of the original petitions. If you need the original copies I will forward them to you.

Being separated by a long distance from technical meetings and professional activities is a price that we will no longer need to pay here, with the formation of a local IEEE Chapter. With access to IEEE meetings and activities, the people here will be able to broaden their technical horizons considerably.

I personally look forward to being able to help organize meetings featuring various engineers of equipment suppliers from around the world, who frequently visit here. The diversity of interests here will provide interesting and stimulating meetings for our members to gain a broad background in present day technologies.

The original impetus for starting this chapter came from Herb Nelson who gathered the forms and some names in 1977. I have continued with the petition work and gathered the bulk of our signatures during the summer and fall of 1980.

I will be looking forward to hearing from you with regards to accreditation as an Official Chapter. The most efficient means of writing to me is to send correspondence to my company's mailing address, which is:

TMSIA,  

...../continued

If it would be of any help to be able to contact me faster,  
I will be at home in the States from December 19th until  
January 9th. You can reach me at my home address there:

7466 N. Fiske,  

I will be waiting for your acceptance of our Chapter petition  
and looking forward to our first meeting.

Best Regards.

U S A

Dear Sirs:

I have recently had the pleasure of signing a petition to activate a local IEEE organization in Saudi Arabia. As Manager of the Communications Operations Department, I am particularly hopeful that this organization will be successful. We face a special challenge in meeting professional needs for continued development and personal interaction. A local organization would do much to help these needs, as well as provide an enriched professional environment both for the incumbent engineers and those to be recruited.

In addition, I see benefits to the IEEE that I feel are of some importance. It has long been a matter of concern that the opportunity for reaping the benefits of IEEE were largely limited in this particular setting. Both personally and as Manager of the Communications enterprise, I would like to see a more significant IEEE presence.

You may be assured of any support I am able to give in making the venture successful, and if there is any way I can facilitate the creation of the local organization, please do not hesitate to contact me.

Yours truly,

A D HENDRICKS, Manager  
Communications Operations Dept  
(IEEE Senior Member # 1286301)

Jeddah, 28th April 1980

Dear Sirs,

I am rather perturbed that due to change in address I have not received any notice of membership being due and I am anxious that my membership is not allowed to lapse. Furthermore, I am not sure whether the relationship you have with the Italian Organisation covers me from membership fees or not.

In any event, please direct all correspondence and publications to my address, which is above.

Yours faithfully,

(D. J. Jephcott)

Membership No 6026850 M

P.S. - I would appreciate sending a certificate of membership as soon as possible, together with any other Institute items you will consider it will be of interest to me.  
You may feel that it will be advisable to start a Saudi Arabian section for the society in the near future, if so I could perhaps contact other members here and discuss their feelings on the subject.

RE: Application Forms

Dear Sir:

Our company is interested in forming a new Saudi Arabia Chapter of IEEE.

Could you please provide us with the necessary application forms and guidelines to establish a chapter. Please send all material to:

Mr. Henry P. Lang

with a copy to us.

If you have any questions regarding my request, please feel free to contact me at 713/750-6546.

Thank you,

Mr. L.W. Benner

Dear Mr. Benner:

Following up our conversation, there appears to be quite a bit of interest in forming an IEEE Section in Saudi Arabia. We have already reviewed one incomplete petition from: Mr. Mike Hoffman, [REDACTED]

Mr. Hoffman is working in Saudi Arabia and receives his mail at his Los Angeles, CA address. I should let you know that in similar cases where IEEE members who work in Saudi Arabia but have chosen the method of receiving their mail stateside with IEEE, these members are considered as connected with the IEEE Section pertaining to that mailing address than as members in Saudi Arabia.

I am sending Mr. Lang some membership applications and information about IEEE with a copy of this letter. I suggested he attempt to make contact with Mr. Hoffman to whom I am also sending a copy of this letter. We appreciate the interest in IEEE and are prepared to assist in whatever way we can with organization activities.

Sincerely,

A handwritten signature in cursive script that reads "Mark M. Lucas".

Zakariya M. Al-Hamouz

Dear Dr. Al-Hamouz:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Industry Applications Society Chapter of the Saudi Arabia Section has been formed. The effective date of this Chapter formation is 25 June, 2001.

At this time we are recording you as the Interim Chapter Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

A handwritten signature in cursive script that reads 'Cecelia Jankowski'.

Khalid M Al-Tawil

Dear Dr. Al-Tawil:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Computer Society Chapter of the Saudi Arabia Section has been formed. The effective date of this Chapter formation is 28 December, 1999.

At this time we are recording you as the Interim Chapter Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

  
Cecelia Jankowski  
Managing Director

cc: D. Senese - Executive Director  
R. Remshardt - Region 8 Director
