

Thos A Edison

June 16, 1939

Mr. Louis Abseck
157-03 Tenth Avenue
Beechhurst, L.I., N.Y.

Dear Sir:

With reference to your telephone conversation with this office today, it appears that the best information concerning Thomas A. Edison and his work is that contained in an article which was published in the November 1931 issue of our monthly journal, *ELECTRICAL ENGINEERING*, shortly after his death. We take pleasure in sending a copy of this issue to you under separate cover; the article in question appears on pages 904-907.

Very truly yours

(Miss) F. B. Hallock
Office of the National Secretary
