Mr. Ervin L. Hedegaard

Dear Mr. Hedegaard:

Enclosed is copy of our November 25, 1974 letter advising those concerned of the formal establishment of the Eastern Montana Section.

With this change, we wish to confirm a change in the territory assigned to the Montana Section, which is now defined as follows:

Counties, Montana:

| | | |
|------------|---------------|------------|
| Beaverhead | Hill | Park |
| Blaine | Jefferson | Phillips |
| Broadwater | Lake | Pondera |
| Cascade | Lewis & Clark | Powell |
| Chouteau | Liberty | Ravalli |
| Deer Lodge | Lincoln | Sanders |
| Flathead | Madison | Silver Bow |
| Gallatin | Meagher | Teton |
| Glacier | Mineral | Toole |
| Granite | Missoula | |

We understand you are now revising your Section Bylaws. You may wish to incorporate the above territorial change in your Bylaws at the same time.

Sincerely,

Emily Sirjane, Manager
Field Services

Dear Lang:

Thank you for your letter of June 5th bringing us up-to-date as to the status of the Montana Section, the Butte Section, the Los Alamos-Santa Fe Sub-section, the Antelope Valley, San Fernando Valley and South Bay Harbor Sections. Ray Banks has already written me information on South Bay Harbor, and we have heard separately from Antelope Valley.

I am passing on all this information to Emily Sirjane. As you realize, of course, Emily watches over the details of Section activity and merely alerts me when the activity falls below the level set in the Bylaws. She will keep in close touch with the situation and will keep you and me currently informed.

Best regards,

Donald G. Fink

Donald G. Fink, General Manager

Dear Don:

In response to your letters of May 27th regarding failure of various Sections and Subsections to hold an adequate number of meetings I report the following.

I talked last night to Paul Uhlich, new Chairman of the Montana Section, (he resides in Bozeman which is in the Helena Subsection.) The Student Branch at Bozeman is very active and there appears to have been some breakdown in the reporting system as regards meetings of the Montana Section and Billings Subsection. Uhlich will make an effort to retrieve the data and make reports, but he is brand new in his job and obviously is not on top of it at this moment.

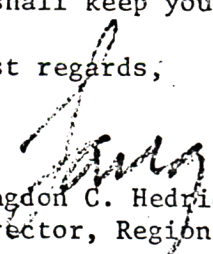

He and Bob Leo, Secretary/Treasurer of the Section, have already had one meeting with Beardslee and Gregg, outgoing officers of the Butte Section, and are already planning to meet with the officers of the other Subsections in order to stimulate an active year for 1970-1971. The Bylaws of the Section presently call for a calendar year operation, but in fact the Section operates on a June-to-June year and I have recommended that they alter the Bylaws to conform to their current practice.

I talked to John Lamb, Chairman of the Los Alamos-Santa Fe Subsection and they had one meeting last year which was a flop. Things are so bad at the Subsection that there were not even enough members active to make up a nominating committee last year with the result that Lamb has apparently served two years. John has agreed to do some poking around to see if he can revive interest in the Subsection and has promised to get back to me before the end of this month. My personal opinion is that the Subsection should be shut down but I must wait for Lamb's response before making such an overture to R.A.B.

I will get to Ray Banks for assistance on the Antelope Valley, San Fernando Valley and South Bay Harbor Sections and will try again next week to reach the Section Chairmen.

I shall keep you posted.

Best regards,

Mr. Langdon C. Hedrick

Dear Mr. Hedrick:

The IEEE Bylaws provide that failure of a Section to maintain the required activities, which shall include the holding and reporting of at least five technical meetings each year, shall place the Section on probation by the General Manager.

I call to your attention the fact that the Montana Section has reported no meetings for the calendar year 1969.

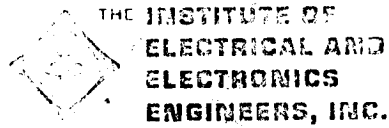

Your advice on the current status of this Section and its plans for activity in 1970 would be appreciated.

Sincerely,

Donald G. Fink

Professor J. A. Thaler,
Montana State College,
Bozeman, Montana.

Dear Professor Thaler:

I have the honor of notifying you that at the meeting of the Board of Directors held on June 24, 1931, the petition for authority to organize a Montana Section of the Institute, to include as its territory the entire State, was approved. The delay in sending this notification to you is due to the fact that I have just returned from my vacation.

We are sending under separate cover two copies of each of the following:

Annual Report on Section and Branch
Activities for fiscal year ending
April 30, 1931
Suggested By-laws for Sections
(edition of October 1930)
Constitution, By-laws, and Code of
Professional Conduct
Letter, dated September 3, 1930,
entitled "Data Relating to Sections
of the A.I.E.E."

sent
7/27/31
m/p

We are also sending under separate cover a supply of meeting report forms, expense vouchers, return envelopes, "Aims and Activities" pamphlet, and application blanks.

Sections 54-63 of the Constitution, and Sections 36-50 of the By-laws, will be useful in organizing the activities of the Montana Section. The suggested by-laws include the essentials, but need not, of course, be followed strictly.

The officers of the Section should be a Chairman, a Secretary-Treasurer, and other members of an Executive Committee. Will you please have the names of the officers sent to us as soon as they are elected?

It is customary to prepare, early in August, cards bearing the names and addresses of all Institute members located

in various Section territories and send sets of such cards to the Secretaries. If a Secretary is not elected by the time these cards are ready, they will be sent to you.

As may be noted on page 7 of the mimeographed letter entitled "Data Relating to Sections of the A.I.E.E.", the appropriation of each Section is \$175.00, plus \$1.00 per member. These appropriations are included in the budget for the year beginning October 1, which is approved by the Board of Directors in October, and one-half of each Section's appropriation is sent in that month.

If there is anything further that we can do in connection with the organization of the Montana Section, please call upon us at any time.

With best regards, and the hope that the new Section will be very successful, I am

Sincerely yours,

Assistant National Secretary.

To: Prof. William J. Jameson, Jr., IEEE Life Members Chapter - IEEE Montana Section

On behalf of the IEEE Life Members Committee (LMC), it is a pleasure to congratulate you on the formation of the Life Members Chapter in the IEEE Montana Section.

The formation of this Life Members Chapter will provide a great opportunity for Life Members in the IEEE Montana Section to remain active and involved in IEEE activities. Life Members represent an invaluable repository of personal experiences involving the history of areas of interest to IEEE. The LMC appreciates your commitment to IEEE and your enthusiasm in forming this LM Chapter. We hope that your Life Members Chapter will become one of the most successful and active LM Chapters in your Region.

Funding for LM Chapter activities is available through the IEEE Life Members Committee on an as needed basis. Each LM Chapters is authorized an annual budget, not exceeding \$500 USD, towards meetings or activities acceptable to the Regional LM Chapter Coordinator. Requests for reimbursement are to approved by your Regional LM Chapter Coordinator (Len Carlson). Following this approval, please send your request for reimbursement (with original receipts) to IEEE Regional Activities.

You have our support to assist you and your fellow Chapter volunteers. Valuable information regarding IEEE LM Chapters can be found at www.ieee.org/lmc. Please feel free to contact the LM Chapter Coordinator at lm-chapters@ieee.org, if you need assistance.

We extend our best wishes for the successful operation of the new Life Members Chapter.
