Michael Sebek

Dear Dr. Sebek:

Congratulations! On behalf of the IEEE Executive Director, T. W. Hissey, Jr., it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Control Systems Society Chapter of the Czechoslovakia Section has been formed. The effective date of this Chapter formation is July 18, 1996.

At this time we are recording you as the Interim Chapter Chairman. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski  
Managing Director  
Regional Activities

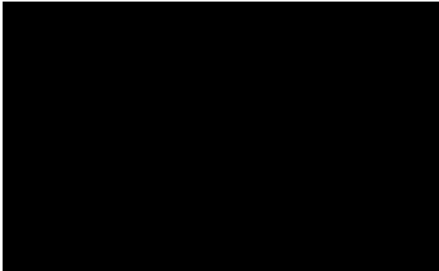

cc: T. W. Hissey, Jr. - Executive Director  
P. M. Larsen - Region 8 Director

---

Dear colleagues,

Re: petition to form a chapter

I am pleased to send you a petition with 16 signatures. The petition aim is to form a joint MTT/AP chapter on the territory of Czechoslovakia section (geocode 080071).

The organizer of the chapter is holding the post of section secretary. My name can be found among those on the petition. In the case of any need you may contact me easily via E-mail ( Z.SKVOR@IEEE.ORG ).

Thank you

Zbyněk Škvor, MemIEEE

## **TO CHANGE THE STATUS OF AN EXISTING CHAPTER**

The status of an existing Chapter may be changed from single to joint, or vice-versa, or from one joint combination to another without submission of a petition. The change in status will become effective following approval of the change by the Regional Director, the Society Presidents and the involved Section Executive Committee(s).

1. A written request, with full details on the proposed change in Chapter status, shall be submitted by the Section Executive Committee. This request should include the name and address of the Organizer of the restructured Chapter who will act as its Chairman, and be sent to:  
IEEE FIELD SERVICES  
Section/Chapter Support  
445 Hoes Lane  
P.O. Box 1331  
Piscataway, New Jersey 08855-1331
2. Action will be taken by Field Services staff to obtain approval of the change in status by those concerned.
3. When the necessary approvals have been received, the Section Chairman, the Chapter Organizer, the Regional Director and the Presidents of the Societies concerned will be notified.
4. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

**PETITION TO FORM AN IEEE CHAPTER**

Date: JUNE 19, 1996

Name of IEEE Society/ies Control Systems Society  
 Name of IEEE Section/s Czechoslovakia Section

We, the undersigned, who are members of the above Society and Section, hereby petition for approval to form a Chapter in the Section indicated above.

15)		
16)		
17)		

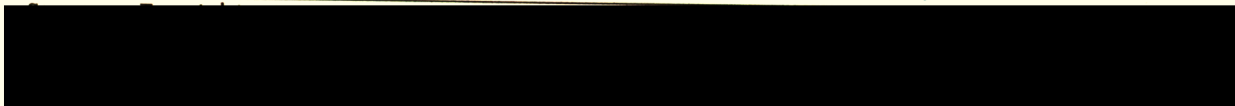

FOR A CHAPTER FORMATION, 12 PETITIONERS ARE REQUIRED.

The action has the approval of the Section Executive Committee.

The following individual is serving as the Organizer of the Chapter:

Name: Dr. Michael Šebek

*01028588 OK Michael Sebek*

Signature of Section Officer/Office Held: *František Šolc, CHAIRMAN* 11636544

*Dr.*

## REQUIREMENTS TO FORM A CHAPTER OF AN IEEE SOCIETY

*A Chapter is a technical subunit of one or more Sections, or a Council, constituted by a minimum of twelve (12) members of a Society and established by petition to the parent unit(s) and Societies concerned to represent and fulfill the needs of the members and the missions of IEEE. A Chapter functions in a manner similar to that of a committee of the Section. In instances where Section territorial geography may warrant and Society member interests are sufficient to support multiple Chapters of a Society, additional Chapters, suitably identified, may be formed and operate under the current applicable procedures. (IEEE Bylaw 406.1).*

A petition, signed by not less than twelve (12) Section members, above Student grade, who are members of the Society shall be submitted to the Section Executive Committee, via the Section Secretary, for approval. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The name of the Section
- The name of the Society
- The name and address of the Chapter organizer

With the written approval of the Section Executive Committee, the petition shall be mailed to:

IEEE FIELD SERVICES  
Section/Chapter Support  
445 Hoes Lane  
P.O. Box 1331  
Piscataway, NJ 08855-1331

Field Services Staff will review the petition and work with the organizer to resolve any discrepancies. The Chapter shall be considered established after Field Services has ascertained that the Regional Director and the Society President(s) have no objections to the formation of the Chapter.

Following approval, the Section Chairman, the Chapter Organizer, the Regional Director and the President of the Society will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

## **TO FORM A JOINT CHAPTER COVERING TWO OR MORE SOCIETIES**

The requirements are the same as for a single Society Chapter, with the following exception. Of the 12 signatures on the petition, not less than three shall be members of each of the Societies involved.

For example, a joint Microwave Theory & Techniques (MTT-17) and Antennas & Propagation (AP-03) Society Chapters might be formed with eight petitioners belonging to MTT-17 and four petitioners to AP-03. It is not required, though it may be useful, that Chapter members or officers maintain membership in both Societies. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

## **TO FORM A JOINT CHAPTER COVERING TWO OR MORE CONTIGUOUS SECTIONS**

A petition must be signed by not less than twelve (12) members, other than Students, of the Sections involved, who are members of the Society or Societies, and submitted for approval by the pertinent Sections Executive Committees. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The names of the Sections involved
- The name(s) of the Society or Societies
- The name and address of the Chapter Organizer
- The organizational unit (administrative parent Section) which shall be responsible for the Chapter management. In joint Chapters, administrative matters relate to the parent Section.

With the written approval of the entities involved, the petition shall be mailed to:

**IEEE FIELD SERVICES**  
Section/Chapter Support  
445 Hoes Lane  
P.O. Box 1331  
Piscataway, New Jersey 08855-1331

The Joint Chapter shall be considered established after Field Services has ascertained that all entities involved have no objections to the formation of Chapter.

Following approval, the Sections and Societies involved, the Chapter organizer and the Regional Director will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

Dear sir/madam:

I am the Vice President of Member Activities of the IEEE Control Systems Society (CS23) and we held a membership drive at a conference in San Francisco in early July of this year. As a result of this activity (and some prior action six months earlier), I am pleased to submit to you a Petition To Form an IEEE Chapter from the Czechoslovakia Section of the IEEE.

Our society continues to grow and, in particular, in Europe and other areas outside the USA. We also expect a second chapter in Mexico to be formed shortly and we apparently seem to grow at a rate of 2 or more chapters per year.

Please process the enclosed application. The organizer and chairman of this chapter is Dr. Michael Sebek. His address is given on the enclosed form.

Thank you for your assistance in this matter.

Sincerely,

Daniel W. Repperger

cc: Dr. Mike Masten, President of IEEE CSS  
Dr. Michael Sebek, Organizer of Czechoslovakia Chapter

August 24, 1979

Dr. Miro Novak

Dear Dr. Novak:

I was pleased to learn of your successful meeting with President Suran, General Manager Herz and Region 8 Director Poortvliet. At the request of Mr. Herz I am sending you information on establishing an IEEE Section in Czechoslovakia.

It is not a complicated process to form an IEEE Section. The names and signatures of a minimum of fifty members or non-members (who submitted their applications with/before transmittal of the petition) are required to be written on a form we supply. The petitioning members agree to adopt Section Bylaws and be governed by the Constitution, Bylaws and Policies and Procedures of the IEEE.

The completed petition is sent to IEEE Headquarters. Upon the recommendation of Director Poortvliet, the petition is submitted to the Regional Activities Board for final approval. The approximate time for completing this process is six weeks.

IEEE provides numerous resources to help volunteer officers run a Section including partial financial support. I have listed below a number of documents which should assist you in forming the Section. The following have been sent to you under separate cover via air mail:

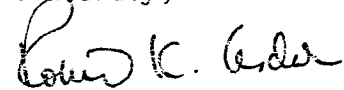

1. Petition to form a Section & return envelope
2. Sample Bylaws for a Section
3. Printout of members, by grade, with technical Society affiliation (including code sheet)
4. Section Manual
  - a. IEEE Constitution, Bylaws, Policy and Procedures
  - b. Operations Guide
  - c. Financial Operations Guide
  - d. 10 Additional guides to specialized activities
5. Section Rebate Schedule
6. Guide to the Field Services Department
7. Report of the Secretary

8. IEEE Catalogs of products and services
  - a. Educational short courses
  - b. Standards
  - c. Conference Records
  - d. Open Order Plan
  - e. Membership Accessories
9. Membership material
  - a. 40 Blue membership brochures (short application member grade)
  - b. 10 Red membership brochures (short application member grade)
  - c. 10 Senior member kits (long application Senior member grade)
  - d. 10 Student brochures
10. A typical example of the two-way flow of dollars between a Section and IEEE.

The above items should be of assistance to you in establishing an IEEE Section. I look forward to being of assistance to you in any way possible.

Please contact us if you have any questions. If you prefer you can contact us by telex at any time. Our number is 236-411.

Sincerely,

Robert K. Asdal  
Staff Director  
Field Services

Herman Mann  

Dear Prof. Mann:

Thank you for your recent correspondence regarding the formation of an IEEE Section in Czechoslovakia. Enclosed please find the information that will help you to form a Czechoslovakia Section.

Enclosed you will find a listing of the members in Czechoslovakia. However, there are currently fifteen members who would be able to sign the Petition. According to the IEEE Bylaws there must be at least "50 members other than Students, having mailing addresses within the territorial limits of the proposed Section."

We received correspondence from Dr. Peter Pevlic. He is also interested in a Czechoslovakia Section of the IEEE. The same information is being sent to him. You may want to contact him, below is his address:

Dr. Peter Pevlic  

Because of the recent political changes there may more interest in IEEE. I have enclosed some membership applications if you receive any inquiries. If you have any further questions or I may help in any way please feel free to contact me at 

Sincerely,

Cindy Poko, Unit Formations Asst.  
Field Services

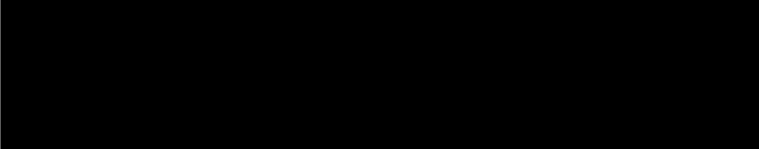

cc: Sven O. Ohrvik - Region 8 Director

Proposed Czechoslovakia

August 9, 1972

Dr. Mirko Novak

Dear Dr. Novak:

Dr. Harold Chestnut, IEEE Vice President, has requested that I send you further information about the Institute and I am pleased to enclose the following:

- (1) Copy of the IEEE membership brochure highlighting the activities and benefits of membership.
- (2) Copy of the IEEE Student membership brochure.
- (3) A list of the six Technical Divisions of the Institute into which the 31 IEEE Groups and Societies are clustered.
- (4) Details on the requirements to form an IEEE Section.

There are today fourteen IEEE members, above Student grade, in Czechoslovakia. As Mr. Donald G. Fink explained to you in his letter of July 30, 1968, that membership figure has remained quite constant for several years.

*Label  
8/10/72*  
I am forwarding separately a supply of general membership brochures (for grades above Student), as well as Student membership brochures. These brochures contain membership application blanks and you may wish to distribute these to your engineering associates and to prospective Student members.

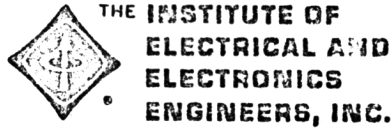

Your interest in the IEEE is very much appreciated. I hope you will let me know if you require any additional information or membership material.

Sincerely,

Charles F. Stewart, Director  
Member Services

C. F. STEWART  
Please reply to:  
IEEE MEMBER

Dr. Harold Chestnut

Dear Prof. Novak:

I was pleased to learn from your letter of June 6, 1972 to Dr. J.H. Mulligan about possible contacts between the Czechoslovak Scientific-Technical Society and the IEEE. The IEEE is interested in exploring such contacts and would welcome the exchange of letters on this subject. From your association with Dr. S.K. Mitra, I infer that you are already a member of the IEEE so I assume that you are already somewhat familiar with our membership organization. At any rate, our organization is established to serve its members on scientific and educational matters through conferences, publications, and other methods of information.

We have been exploring ways of serving our members more effectively and for developing new memberships in other countries of the world. The IEEE has made a particular effort to develop ways of interacting with technical societies that are interested in electrical and electronic engineering in various countries of the world. One convenient way for this interaction to take place is for there to be a section of the IEEE in the country involved, i.e., for there to be 25 or more members in that country, who apply for IEEE section status, and for this section and the national technical society to have common programs or meetings. By copy of this letter to Prof. Paul Jespers, University of Louvain, Institut Electrotechnique, 95 Kard, Mercierlaan, 3030 Heverlee, Belgium, Director IEEE Region 8, I am suggesting that he contact you and describe for you some of the benefits to be derived from participating in IEEE Region activities.

Other ways for interaction between a society such as the Czechoslovak Scientific-Technical Society and the IEEE have also been developed that involve joint memberships with reduced joint fees for dual membership with some common services. It is of interest to note that the IEEE covers 6 major technical Divisions such as Theory, Information and Control, Power and Industry, Communications, Electronics, Computers, and Man-Machine Systems. The question of just what areas of common technical concern should be considered is something that should be explored. By copy of this letter, I am asking Mr. C.F. Stewart, IEEE Director Regional Activities, to send you more information about the IEEE.

Thank you for your expression of interest in the IEEE. Messrs. Jespers, Stewart and I plan to be in Brussels, Belgium in mid-November and perhaps we could get together with you and/or Prof. B.Kvasil at that time to consider the subject of possible contacts between our two organizations at that time.

Sincerely yours,  
*Harold Chestnut*

Dear Dr. Novak:

I want to personally thank you and Dr. Trnka for the kind reception and opportunity to discuss having an IEEE Section in Czechoslovakia.

President Suran and I are encouraged by the possibilities of greater interactions between IEEE and Czechoslovakia Academy of Sciences. It is our plan to develop a draft of a proposed agreement and forward it to the Academy.

In the meantime, I have asked Robert K. Asdal, Staff Director for Field Services to write to you and provide material which will be useful to you in efforts to form an IEEE Section. He will also provide membership material to you for enrolling new members in IEEE. In addition he will send you an explanation of the typical dollar flow from Czechoslovakia Section members to IEEE, and from IEEE to the Czechoslovakia Section. He will also send you a list of all IEEE members in Czechoslovakia with their technical affiliation Society.

We look forward to the future. The opportunities for technical interchange among the worldwide community of electrical/electronics engineers is great. IEEE looks forward to seeing our new members in Czechoslovakia and increasing our interaction with the Czechoslovakia Academy of Sciences.

Please extend my thanks to your colleagues.

Sincerely,

Eric Herz  
General Manager
