Subject: Permission to place IEEE milestone Plaque on 'Enrico Fermi's major contribution to semiconductor statistics' on Department of Information Engineering, School of Engineering, an University of Florence Property

To whom it may concern:

This letter, which is submitted as part of the nomination material for the IEEE Milestone 'Enrico Fermi's major contribution to semiconductor statistics', gives permission to place the proposed IEEE milestone plaque on the site of the Department of Information Engineering, School of Engineering of the University of Florence, V. S. Marta, 3 Florence Italy. It is my understanding that the plaque will be cast bronze, approximately 24 inches by 20 inches, and will include an engraved citation describing the milestone achievement. It is also understood that the plaque needs to be mounted in a place which is accessible to the public. Therefore, it is expected that the plaque will be in the entrance lobby.

Yours sincerely,

x Prof. Ing. Enrico Del Re
Director
